Learn the Latest Features in Blackboard Ultra with the Student Ultra Training Course

Become a successful Blackboard Ultra student in 1 hour!

Whether you're a student who is new to online learning or just new to Blackboard Ultra, this course will prepare you to become a successful student in this learning management system.

In this course, we will cover the basics of Blackboard Ultra so that you know what it is, how to navigate it, how to use it to complete your course work, and how it will benefit you.

This course is self-paced and will take approximately 1 hour to complete. To complete this course, you should review all content within it and participate in the sample activities. While the practice activities may have grades associated with them, this is merely for practice and demonstration purposes. This course is not graded.
