# LIVING IN RESIDENCE

Enjoy the convenience of being on campus and the friendships that form when you live in residence. For students who are away from home, sometimes for the first time, living in residence is a great way to begin your college experience.

All of our residences have fully furnished single or double-occupancy suites, common areas for group study and social activities, and accessible suites available for students with disabilities. With easy access to public transit, on-site laundry facilities, access to college computer labs, library, dining services and meal plans, residence has everything you need in one comfortable, secure location.

Apply for a spot in residence at [thisisSLC.ca/residence](https://thisisSLC.ca/residence) after you accept your academic program offer to SLC.

## KINGSTON

The Kingston campus has a 600-bed residence offering safe, secure, convenient, and affordable housing overlooking the campus and Lake Ontario Park. The residence rooms are both double and single-occupancy.

## BROCKVILLE

The Brockville campus has a 59-bed residence offering safe, secure, convenient, and affordable housing located on-campus. The residence rooms are double-occupancy and located adjacent to the main campus building.

## CORNWALL

The Cornwall campus has a 44-bed residence offering a safe, secure, convenient, and affordable housing alternative overlooking the St. Lawrence River. The residence rooms are single-occupancy and located within Moulinette Hall, the same building as classes.

## REASONS TO LIVE IN RESIDENCE

### 1 MORE LIKELY TO STAY IN SCHOOL

Students living in residence are more likely to complete their program, compared to those living off campus.

### 2 MORE LIKELY TO GRADUATE

Students living in residence in first year have a higher graduation rate compared to those living off campus.

### 3 HIGHER FIRST YEAR GRADES

Living in residence can improve student learning and development.

# CAMPUS SERVICES

With modern expansive facilities and a solid track record of learning excellence, St. Lawrence College combines the benefits of a world-class education with the advantages of small-city living and personal attention to detail.

## FOOD SERVICES

Beautifully renovated, full-service cafeterias offer convenient, healthy food choices for students. Meal plans offer savings of 13% sales tax on most purchases at campus food facilities.

- Organic fair trade coffee
- Delicious hot panini sandwiches and gourmet pizza
- Refreshing smoothies
- Salad bar
- Grab-and-Go meals

## STUDENT GOVERNMENT

Student governments provide support and extracurricular activities (both on and off campus) for students during their time at SLC. They also offer a comfortable space to relax and enjoy time with friends.

## CAMPUS BOOKSTORES

Students can find all the course materials needed for their program at campus bookstores. Each bookstore is focused on student savings and access with a variety of affordable materials, including new, used, digital and rental. Students can also consider the textbook Buyback program, which pays up to 50% of the original purchase price on select titles. With more than just textbooks, the bookstores also offer a large selection of quality merchandise, clothing, gifts, supplies, and more. Shop our website: [thisisSLC.ca/bookstore](https://thisisSLC.ca/bookstore)

## HEALTH AND WELLNESS

**Kingston campus:** Medical appointments available on campus with a physician or nurse.

**Brockville campus:** Access a nurse practitioner through the community family health team by appointment.

**Cornwall campus:** Medical care available on campus by appointment.

## WHAT'S NEW

**Recently renovated cafeterias** with nutritious and delicious options to meet many dietary needs.

# OUR COMMUNITIES

Our three communities offer small city vibes with big city fun and entertainment.

Beautiful waterfront locations offer outdoor activities and urban amenities for an active student lifestyle.

## KINGSTON

A true student city; enjoy the energetic vibe that thousands of students from St. Lawrence College, Queen's University, and Royal Military College bring to the city.

### CITY HIGHLIGHTS

Take advantage of Kingston's thriving downtown core and the many activities the city has to offer:

- Kingston transit pass included in your tuition fees
- 16-minute bus ride to great shopping and restaurants downtown
- Business start-up programs for youth and entrepreneurs
- Concerts & sports at the Leon's Centre
- Skating in Springer Market Square
- Shopping, festivals, and more than 300 restaurants to enjoy
- Vibrant downtown night life, music scene, and great local festivals
- Beautiful Lake Ontario Park with waterfront trails and greenspace
- Enjoy the new sand beach at Breakwater Park and the Gord Edgar Downie Pier
- Kingston is the eighth best city in Canada for millennials to live (Source: Point2Homes, Jan 2018)

### CAMPUS HIGHLIGHTS

- Brand new 80,000-square foot Student Life and Innovation Centre, featuring St. Larry's Pub, open courtyard, student study and social gathering spaces, upgraded fitness facilities, double gym, outdoor atrium and deck, and a gathering place for Indigenous students
- Newly renovated Health Care Simulation Labs
- Beautifully renovated cafeteria, including Tim Horton's, Pita Pit, and Papa John's Pizza
- Newly renovated Student Services, and Davies Hall study area, including state-of-the-art group study rooms with SMART Boards
- Essence – incredible gourmet meals at the dining room run by culinary students on campus
- Dynamic Designs Salon – haircuts and colour and a wide range of esthetic services by Hairstyling and Esthetician students at budget-friendly prices

## BROCKVILLE

Located in the world-famous 1000 Islands region, SLC's Brockville campus offers a beautiful, small-town atmosphere in a close-knit community. With a café-style student commons, a large student lounge, and a brand new library learning commons, the Brockville campus offers plenty of space for students to study, relax, and spend time with friends.

### CITY HIGHLIGHTS

Brockville is a city with a beautifully preserved historic downtown core and many world-class attractions on its doorstep:

- 1000 Islands boat tours to Boldt Castle and Singer Castle
- Aquatarium at Tall Ships Landing
- Brockville Arts Centre – concerts, live comedy, and live theatre productions by SLC's Music Theatre students
- Brockville Railway Tunnel - Canada's oldest tunnel
- 7-km Brock Trail recreational pathway
- Restaurants and pubs in the downtown core
- 10-minutes from Skywood Eco Adventure Park
- St. Lawrence Park beach area
- Annual events – RibFest, 1000 Islands Hydroplane Regatta, and the Winter Classic

### CAMPUS HIGHLIGHTS

- Upgrades to academic spaces including the library featuring quiet study space, computers, and group study rooms with SMART Boards, and Health Care Simulation Labs with high-fidelity manikins
- A \$1-million investment in student financial aid
- Evergreen Fund to constantly upgrade technology and instructional equipment
- The Marianne van Silfhout Gallery, a state-of-the-art community gallery on campus, featuring art exhibitions by local, Canadian, and international artists
- Newly renovated cafeteria with Pita Pit
- Recently updated fitness centre with cardio and weight room
- Transitions Salon – haircuts and colour by Hairstyling students at budget-friendly prices
- Access to the city's Brock Trail walking and bicycle path, which runs through campus

## CORNWALL

SLC's Cornwall campus is located in a picturesque setting on the shores of the St. Lawrence River and students can enjoy studying or lounging by the river and water views from the library, residence, and many classrooms.

### CITY HIGHLIGHTS

The city of Cornwall offers students more than 40 parks to enjoy and numerous recreational activities:

- Berry or apple picking at Avonmore Berry Farm or Marlin Orchard & Garden Centre
- Concerts on campus at Aultsville Theatre
- Long Sault Parkway
- Public skating or hockey games at the Civic Complex or the Benson Centre
- Rush Hour Escapes Cornwall
- Stock car racing at Cornwall Motor Speedway
- Watch a movie at The Port Theatre
- Annual events – Glengarry Highland Games, Williamstown Fair, South Dundas Tubie Festival, Raisin River Canoe Race

### CAMPUS HIGHLIGHTS

- Upgrades to academic spaces including the beautifully renovated library learning commons, featuring river views, computers, quiet study space, and group study rooms with SMART Boards
- Newly renovated Health Care Simulation Labs with high-fidelity manikins
- Residence attached to campus – no walking outside to get to class in the winter!
- Warm and welcoming cafeteria with Pita Pit
- Excellent athletic facilities, including cardio room, weight room, and gymnasium
- Access to the city's 40-km walking and bicycle path, which runs through campus

# STUDENT LIFE & ATHLETICS

Activities for fun, fitness, and fierce competition

## SOCIAL: FITNESS & RECREATION

The Athletics and Student Engagement department delivers student life events that provide fun social activities to enhance your experience. Throughout the academic year, various recreation events and drop-in activities are held at each campus. They include staff vs. student games, Super Sports Saturday, paintball trips, Student Appreciation Week, Spirit Day, and dance classes. You will find plenty of dedicated space to meet with friends and connect with classmates at:

- Student-led events and special interest clubs
- Licensed pubs on each campus
- Innovation and collaboration spaces

The Kingston campus features a brand-new facility that includes a 17,000-square foot double gymnasium, all new fitness centre, student pub, student study rooms, dedicated athletic therapy, eight change rooms, rugby field, and a renovated soccer field and beach volleyball courts.

Brockville and Cornwall campuses both feature a gymnasium and recently updated fitness centres with cardio and weight rooms. The cities of Kingston, Brockville, and Cornwall offer access to community tennis courts, outdoor basketball, soccer fields, swimming pools, baseball diamonds, water sports, and more.

## STUDENT LIFE & LEADERSHIP

There are many ways for you to develop your leadership skills on campus and in your community:

- Student Governments
- Peer Ambassador Committee (PAC)
- Residence Advisor
- Student Employment Opportunities
- Peer Tutoring
- Enactus SLC
- Spark Creative Communications Agency
- Participation in provincial business case competitions and skilled trades competitions

## VARSITY AND CLUB SPORTS

Teams and individual student athletes represent St. Lawrence College provincially in the Ontario Colleges Athletic Association (OCAA) and nationally in the Canadian Colleges Athletic Association (CCAA). Competing against top athletes in the province and country provides students the chance to study full-time while furthering their athletic careers in a competitive environment. Student athletes have access to many educational resources to succeed while studying at the post-secondary level, including a Varsity Academic Advisor, Academic Support Centre, peer tutoring, study nights, and more.

Practice and game schedules vary by sport, with cross country, golf, soccer, and rugby taking place from September to November; basketball and badminton competing from October through early March; and indoor soccer competing January through March. The Brockville and Cornwall campuses participate in multiple hockey tournaments against other Ontario colleges throughout the academic year.

## WHAT'S NEW

Recreational, intramural, and varsity sports deserve the best, and our **double gymnasium** delivers.

## INTRAMURAL SPORTS

Intramural sports offer physically active challenges in an open and inclusive environment, while encouraging positive social interaction, camaraderie, and healthy competition. Activities vary campus to campus.

## JOIN OUR WINNING TEAMS

Over the past few years, a number of teams, student-athletes, and coaches have had tremendous success at the provincial and national level:

### 2018-19

- Men's Rugby: Vikings finish fourth in OCAA
- Women's Rugby: Vikings finish fifth in OCAA
- Cross Country: Andrew Brown wins Silver at OCAA Provincial Championship; fourth at CCAA National Championship
- Cross Country: Erin Adam finishes fifth at OCAA Provincial Championship
- Golf: Vikings win Bronze OCAA Provincial Championships; sixth at CCAA National Championship
- Men's & Women's Basketball: Clinch post-season

### 2017-18

- Men's Rugby: Vikings win OCAA Silver
- Cross Country: Andrew Brown wins Bronze at OCAA Provincial Championship
- Golf: Viking Jamaal Moussaoui finishes 5th at OCAA Provincial Championships
- Women's Rugby: Vikings win OCAA Bronze
- Men's & Women's Basketball, Women's Soccer: Clinch post-season

# RESOURCES FOR YOUR SUCCESS

We want you to have a fulfilling college experience; we offer a supportive atmosphere that includes a team of individuals dedicated to helping you succeed.

Completely upgraded libraries with a variety of study spaces and group meeting rooms with SMART Boards.

## STUDENT SUCCESS FACILITATORS

[thisisSLC.ca/studentssuccess](https://thisisSLC.ca/studentssuccess)

Student Success Facilitators provide support to help you adjust to college life and achieve academic and personal goals. We can connect you with peer tutors, other college resources, and provide learning and study strategies.

## WELLNESS & ACCESSIBILITY

[thisisSLC.ca/wellness](https://thisisSLC.ca/wellness)

Confidential counselling is available during difficult times, including stress management and grief, or to promote well-being and mental health. Educational support services are also available for students with physical, learning, and mental health disabilities. Services also include academic accommodations, adaptive technology, learning strategies, and referrals.

## STRIVE PROGRAM (SUCCESS, TRANSITION, RETENTION, INNOVATION, VISION, EQUITY)

[thisisSLC.ca/strive](https://thisisSLC.ca/strive)

College is a viable option for many who may face barriers in accessing post-secondary education and those that may not have considered it possible. STRIVE Advisors support students as they transition to college life, provide one-on-one academic and career advisement, and connect students with college services and resources for success.

## PEER TUTORING

[thisisSLC.ca/peertutoring](https://thisisSLC.ca/peertutoring)

Peer tutors help when you experience difficulty in a course, and provide practice and review to help you understand program content. Available for most programs, subject to availability. Free for eligible students.

## ACADEMIC SUPPORT CENTRE

[thisisSLC.ca/academicsupport](https://thisisSLC.ca/academicsupport)

Free one-on-one or group tutoring sessions, by appointment or a drop-in basis. Find help with writing, mathematics, sciences, essay and research paper development, first and second language English guidance, referencing and citing techniques, and critical thinking skills, with friendly and knowledgeable tutors.

## STUDENT RIGHTS & RESPONSIBILITIES OFFICER

[thisisSLC.ca/SRRO](https://thisisSLC.ca/SRRO)

We implement the Student Code of Conduct by educating and informing students about expectations and rights at SLC. We can help you navigate college processes like making complaints, filing appeals, and reporting concerning behaviours on campus.

## TEST CENTRE

[thisisSLC.ca/testcentre](https://thisisSLC.ca/testcentre)

Provides a wide range of services including: testing for students who require accommodations, missed tests and scheduling conflicts, admission assessments, exemption testing, and external examinations.

## INDIGENOUS SERVICES

[thisisSLC.ca/indigenous](https://thisisSLC.ca/indigenous)

These centres provide friendly spaces for study, socializing and cultural connections. Indigenous Advisors and an Indigenous Counsellor assist students with the transition to college, information about financial aid, and more. A status card is not required.

## LIBRARIES

[thisisSLC.ca/libraries](https://thisisSLC.ca/libraries)

Libraries on each campus have been renovated to provide more comfortable and modern research and study spaces. Libraries also provide extensive online and print materials and information services.

## CAREER SERVICES

[thisisSLC.ca/careerservices](https://thisisSLC.ca/careerservices)

Career Services offers a range of free resources including:

- Individualized career coaching
- Resume and cover letter assistance
- Interview prep including Interview Stream
- On-campus job fairs with local and regional employers
- Job search assistance and a Job Board with hundreds of opportunities

Through employer panels, classroom visits, job fairs, and one-to-one assistance we are committed to helping you connect with employers and finding your career path.

# YOUR OWN WAY TO LEARN

## FULL-TIME PROGRAMS

SLC offers more than 100 full-time programs on our three campuses. Most programs start in September, but several begin in January, February, and May.

## ONLINE AND CONTINUING EDUCATION

SLC offers a wide range of courses designed to promote personal growth, training, and help advance your career. Many of our courses are offered online or in-class on the Kingston, Brockville, or Cornwall campuses. Learn more at [thisisSLC.ca/online](https://thisisSLC.ca/online).

## COLLABORATIVE DEGREE PROGRAMS WITH LAURENTIAN UNIVERSITY

The Bachelor of Business Administration (BBA) and Bachelor of Science in Nursing (BScN) degree programs are offered in our comfortable college environment. Students benefit from small-class sizes, student success resources, and hands-on learning.

## BEHAVIOURAL PSYCHOLOGY

SLC's own Honours Bachelor of Behavioural Psychology degree program provides both classroom instruction and more than 1,100 hours of supervised placement in community settings. Offered on the Kingston campus.

## ONE-YEAR FOUNDATIONAL PROGRAMS

General Arts & Science certificate streams offer a foundational year for students preparing for the workforce or for future study. Gain important skills and become ready for a full-time diploma program with streams in Applied Arts, Behavioural Psychology, General Studies, Pre-Trades, Social Sciences, and Technology.

Business Fundamentals provide students with a broad and exploratory business education. This program serves as the first year for the business core diploma programs - Business, Accounting, Human Resources, and Marketing - and graduates can choose to pursue one of these diplomas or use their Business Fundamentals certificate as a foundation for other programs of study or their career.

Media Arts Fundamentals is a one-year program that allows students to explore the exciting variety of disciplines and careers in media, design, and the arts.

## PATHWAYS INTO HEALTH SCIENCES PROGRAMS

- Pre-Health Sciences Pathway to Advanced Diplomas and Degrees
- Pre-Health Sciences Pathway to Certificates and Diplomas

## DO YOU HAVE A DEGREE OR DIPLOMA IN A RELATED FIELD?

You can FAST-TRACK your career with a diploma in the following:

- Behavioural Science
- Business Administration - Human Resources
- Child and Youth Care
- Environmental Technician
- Police Foundations
- Social Service Worker

## ONE-YEAR GRADUATE CERTIFICATE PROGRAMS

If you already have a diploma or degree, gain specialized skills and knowledge with the following programs:

- Autism and Behavioural Science
- Business Analytics
- Communicative Disorders Assistant
- Digital Marketing Communications
- Registered Nurse Critical Care Nursing
- Supply Chain Management
- Therapeutic Recreation
- User Experience Design

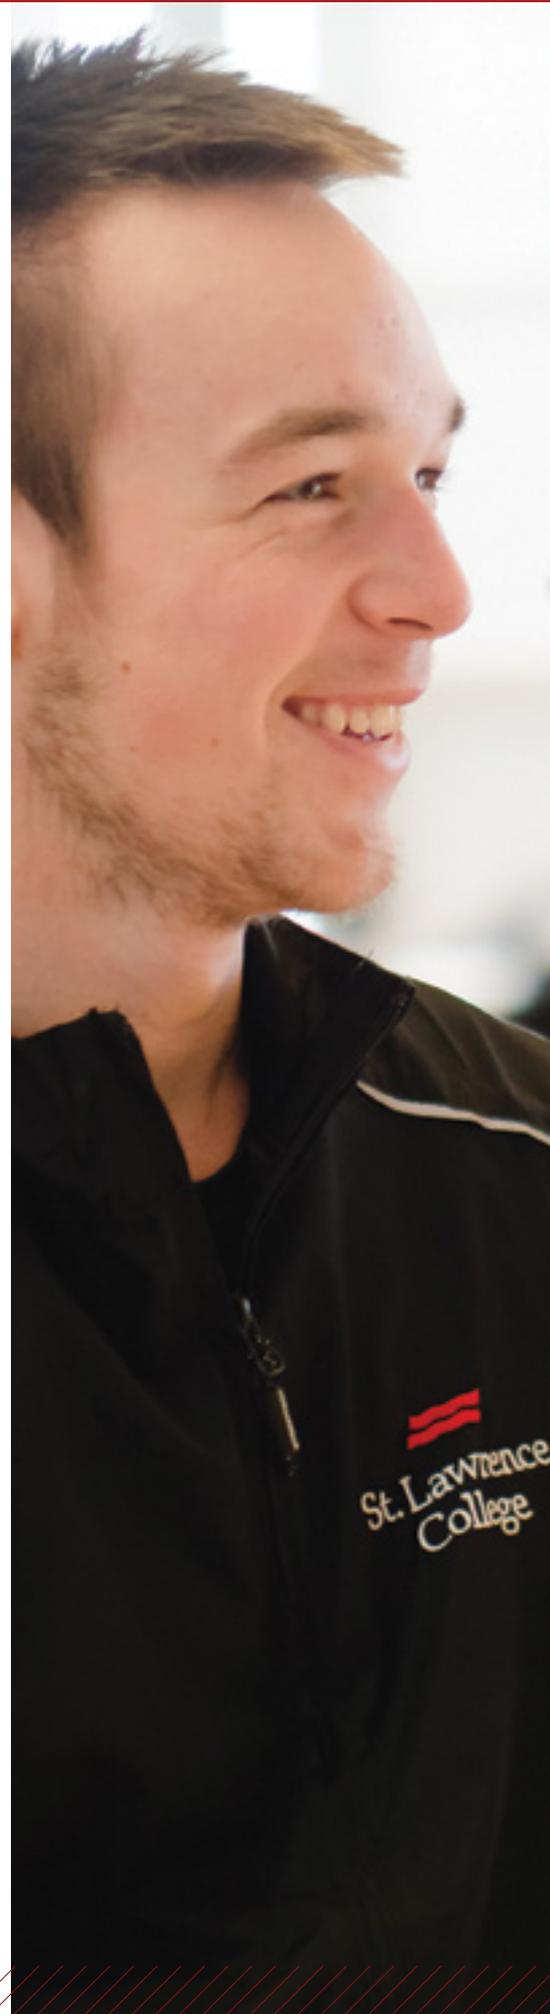

## APPRENTICESHIP TRAINING

If you prefer "learning by doing" and are currently employed in the Skilled Trades, consider one of our apprenticeship programs.

## CAREER/COLLEGE PREP (ADULT UPGRADING)

Earn credits needed to meet admission requirements for college level and apprenticeship programs. Those seeking employment may access College Prep to enhance skills in math, communications, self-management, the sciences, and computer literacy. Program length is tailored to meet individual needs, with year-round, continuous intake. Free for those who qualify.

[thisisSLC.ca/careerprep](https://thisisSLC.ca/careerprep)

# PROGRAMS & ADMISSION REQUIREMENTS

Meeting the minimum prerequisite or preparatory program GPA does not guarantee an offer of admission. For applicants who are not recent

Ontario high school graduates, please contact [ask@sl.on.ca](mailto:ask@sl.on.ca) for information about equivalent options.

**C:** College Preparation **U:** University Preparation **M:** University/College Preparation **E:** Workplace Preparation **MTCU:** Ministry of Training, Colleges and Universities  
All program requirements are in addition to the Ontario Secondary School Diploma, or equivalent, with a majority of Grade 11 or 12 courses at the C/U/M level.

# APPLIED ARTS

A wide range of programs allow you to take your passion for the arts and design and build a career you will love. We also offer the adult learner opportunities to upgrade their academics to gain admission into a full-time program.

## CERTIFICATES

- General Arts and Science – English for Academic Purposes
- General Arts and Science – General Studies Stream
- Media Arts Fundamentals

## DIPLOMAS

- General Arts and Science
- Music and Digital Media
- Visual & Creative Arts – Fine Arts

## ADVANCED DIPLOMAS

- Graphic Design
- Music Theatre – Performance

## GRADUATE CERTIFICATES

- User Experience Design

## ADULT UPGRADING

- Career/College Prep
- ESL Pre-Academic

### KBC Career/College Prep

Is it time for an upgrade? Meet post-secondary college level and apprenticeship admission requirements with the Career/College Prep program. Boost your math, communications, self-management, science, and computer literacy competencies and get a fresh start. (Code: 0809)

### K ESL Pre-Academic

Learn the English language and develop speaking, listening, reading, and writing skills, and study Canadian culture through field trips to culturally/historically significant sites. 2 levels – Pre-Intermediate and Intermediate. (Code: 0394)

### K General Arts and Science – English for Academic Purposes

Upgrade your English while earning credits towards your future academic program. Integrated curriculum using authentic materials to learn about global issues, intercultural communication, and Canadian culture. 2 levels – Advanced and Advanced Plus. (Code 0896)

### KBC General Arts and Science – General Studies Stream

Explore your interests and prepare for the workforce by developing a set of core employment skills in courses tailored to your preference or prepare yourself for future post-secondary study in this one-year certificate program. (Code: 0478)

### KBC General Arts and Science (Diploma)

Engage a broad spectrum of liberal arts foundational learning in this two-year multidisciplinary program. Prepare for the workforce or further post-secondary studies. Transfer options are available to graduates. (Code: 0550)

### K Graphic Design

Become a visual communicator and creative problem solver. Learn how to make information visually appealing and meaningful by studying core design principles and their application to emerging technologies and interactive media applications. Apply real world learning experiences by working with external clients, producing a comprehensive design portfolio, and completing a final capstone project and field placement. (Code: 0309)

#### Career Opportunities:

- In-house design studios, interactive, branding or advertising agencies, marketing firms and digital publishing or media departments
- Television/broadcast, game design, print and digital media production

## Collaboration and creativity thrive for Music and Digital Media students in our sound-proof studio with industry grade equipment.

### **K** Media Arts Fundamentals

This one-year certificate program provides students with an opportunity to explore the breadth of disciplines and careers in media, design, and the arts. Courses in professional communications, digital media applications, and academic preparation provide a foundation for the program, while a variety of media arts electives allow students to earn credits toward specialized two- and three-year diploma programs in Graphic Design, Visual & Creative Arts – Fine Arts, Music and Digital Media, Advertising and Marketing Communications, and General Arts and Science. Courses in the final semester focus on professionalism, career exploration, and the preparation of a media arts portfolio that students can tailor to academic or career pathways that interest them most. Community partnerships with Kingston's rich and vibrant arts community, as well as guest speakers and mentors with careers in media arts, will help students decide their next steps. (Code: 0981)

#### **Career Opportunities:**

- In-house design studios, interactive, branding or advertising agencies and marketing firms and digital publishing or media departments
- Television/broadcast, game design, publishing and print and digital media production

### **K** Music and Digital Media

The only program of its kind in Canada. Using an integrated arts approach, MDM connects music to other artistic disciplines, enhancing students' development as musicians and as flexible professionals in the arts. Studies in music theory and form combine with digital media courses in video production, recording, and sound design. Throughout the program, students study their primary instrument/voice and participate in a variety of ensembles. In second year, students gain experience in composition, entrepreneurial skills, and integrated arts project work. (Code: 0965)

#### **Career Opportunities:**

- Video or recording businesses, working in video or audio for educational institutions
- Own your own recording, photographic or film, and music teaching business, studio apprentices and music teachers

### **B** Music Theatre – Performance

Develop your skills as a music theatre performer by studying a combination of dance, music, and acting. Students will perform in a variety of music theatre productions with industry guest artists to develop their professional skills. Courses include integration of skills, one-on-one mentoring and rehearsals for simulated professional experiences. (Code: 1012)

#### **Career Opportunities:**

- Professional entertainment industry, including large-scale commercial musicals, summer theatre, nightclubs, cruise lines, industrial shows, film and television

### **B** Visual & Creative Arts – Fine Arts

Showcase your artwork and polish your curatorial practices in one of four exhibition spaces on campus, including a graduate exhibition in the Marianne van Silfhout Gallery. Combine theory and studio practices in a variety of areas within visual arts such as art history, painting, drawing, mixed media, printmaking, digital photography, business of art, and more. (Code: 1038)

#### **Career Opportunities:**

- Galleries, commercial art studios, retail outlets, and educational institutions
- Self-employed fine artists

I'm **#ProudToBeSLC** because the sense of community is unreal. Coming to school didn't really feel like just school because I had so much else to look forward to in a day other than classes.

Abigail Hobbs, GRAPHIC DESIGN

### **K** User Experience Design

UX designers consult with target audiences (users) to create technology, products and services that meet their needs, are functional and pleasurable to use, and meet the strategic objectives of businesses and organizations. UX design is a fast-growing field that encompasses many disciplines. Individuals studying UX come from a wide variety of backgrounds including: graphic design and interaction design, business, marketing, communication, psychology, and computer science. (Code: 1103)

#### **Career Opportunities:**

- Media and design, financial services and banking, health care and medical services, technology services, computer software development, business and professional services, human resources and organizational development, government and public sector, and manufacturing

# BUSINESS

Analyze, lead, and create as you explore the fundamentals of business in the diverse fields that comprise SLC's School of Business. From Accounting, Advertising and Marketing Communications, Bachelor of Business Administration, Law Clerk, and more, you'll find a vast array of career possibilities.

## CERTIFICATES

- Office Administration – General
- Business Fundamentals

## DIPLOMAS

- Advertising and Marketing Communications
- Business
- Business – Accounting
- Business – Human Resources
- Business – Marketing
- Law Clerk
- Office Administration – Health Services
- Office Administration – Legal
- Office Administration – Legal/Health Services

## ADVANCED DIPLOMAS

- Advertising and Marketing Communications Management
- Business Administration
- Business Administration – Accounting
- Business Administration – Human Resources
- Business Administration – Marketing

## GRADUATE CERTIFICATES

- Business Analytics
- Digital Marketing Communications
- Supply Chain Management

## BACHELOR'S DEGREE

- Bachelor of Business Administration (offered in collaboration with Laurentian University)

### K Advertising and Marketing Communications

Enter the creative and exciting world of advertising. Learn how to create ads and online content and prepare campaigns for real clients. This two-year hands-on program offers a field placement and cutting-edge Apple computer lab to ensure students have the skills they need to work in advertising. (Code: 0263)

### K Advertising and Marketing Communications Management

Study the full breadth of marketing communications including advertising planning, direct marketing, event planning, public relations, video-production, social media, web marketing, and more. The three-year program offers two work placements and a wide range of experiential learning opportunities, designed to get grads job-ready. (Code: 0763)

#### Career Opportunities:

- Advertising agencies, with big brands, corporations, small businesses, and in the not-for-profit sector
- Copywriter, Social Media Community Manager, Communications Coordinator, Media Sales Rep, Client Services, Digital Marketing Coordinator, Event Planner

### K Bachelor of Business Administration

Earn a four-year degree from Laurentian University on our Kingston campus. Acquire management fundamentals in the early years of the program and customize your electives to support your aspirations. (Code: 1043)

#### Career Opportunities:

- Banking and financial services and all levels of government
- Management roles in the private, public, and third sectors in Canada and around the world

## **KBC** Business

Built on a strong foundation of marketing, human resources, and accounting, the two-year Business diploma appeals to those interested in a broad, well-integrated education. Business students at St. Lawrence College become effective leaders and communicators, able to represent themselves and their work through interviews and resumes, networking opportunities, and presentations. Students apply problem solving, teamwork, and intercultural skills to projects at the college, in the community, and internationally, establishing themselves as global business citizens. This program provides opportunities for rewarding careers in business and for further education, such as the Bachelor of Business Administration and international studies through St. Lawrence College. (Code: 0295)

### **Career Opportunities:**

- Public and private sector, small through to large-sized organizations
- Entrepreneurial pursuits

## **KC** Business – Accounting

Learn business fundamentals with a focus on accounting and finance, including financial and cost accounting, taxation, and accounting software applications. (Code: 0259)

### **Career Opportunities:**

- Private business, not-for-profit organizations, government, and the finance industry

## **KC** Business Administration – Accounting

Obtain a well-rounded, career-ready background in accounting. In addition to business fundamentals, you will gain intensive experience in financial and cost accounting, corporate finance, auditing, and taxation. Become current in using job-related IT solutions, including Excel, tax software, and accounting software. The final year includes case-based learning from professional situations. A work placement in the final semester provides key practical experience to broaden your professional network. Numerous post-graduation opportunities are available for further education. (Code: 0659)

### **Career Opportunities:**

- Public accounting, the banking and finance industry, private business, not-for-profit organizations, and government

## **C** Business Administration

Students gain a broad and in-depth knowledge of the key functional areas of business. Areas of study include entrepreneurship, international business, project management, business operations and supply chain management. In the final semester, students benefit from the practical experience gained during a work placement. (Code: 0293)

### **Career Opportunities:**

- Marketing and human resources in small- to medium-sized businesses

## **K** Business Analytics

Be prepared to work in the growing and dynamic field of business analytics. Students will learn the techniques and tools of analytical decision making and utilize these skills to drive the competitiveness of an organization. Students will be exposed to generic analytics modeling as well as courses in the areas of marketing, operations, and business strategy. Students will also be introduced to machine learning and artificial intelligence concepts and how to use supervised and unsupervised learning techniques to solve real world problems. Through applied techniques, such as problem-based learning and work placement, students will be able to apply their learning to real world problems. (Code: 0887)

### **Career Opportunities:**

- IT, Retail, Banking, Finance, Insurance, Health, Education sectors
- Leverage high volume and variety of data, available in today's digital world, to support business strategy, enhance customer experience, and solve real life problems in real time

## **KBC** Business Fundamentals

This program provides students with a broad and exploratory business education. It covers business basics such as Accounting, Marketing, Human Resources, Business Mathematics, and Business Communications. This program serves as the first year for the Business Core diplomas—Business, Accounting, Human Resources, and Marketing—and graduates can choose to pursue one of these diplomas or use their Business Fundamentals certificate as a foundation for other programs of study or their career. (Code: 0973)

### **Career Opportunities:**

- Skill sets to support entry-level employment opportunities

## **K** Business – Human Resources

Combine the study of business fundamentals, including accounting, finance, marketing, and communications, with a focus on human resources. Courses provide credits toward the Certified Human Resources Professional (CHRP) designation. (Code: 0264)

### **Career Opportunities:**

- HR administration, recruitment and selection, wage and salary administration, training and development, labour relations, workplace safety, management and supervisory positions, accounting or marketing

## **K** Business Administration – Human Resources

In addition to business fundamentals, students gain extensive knowledge in human resources. Courses provide credits toward the Certified Human Resources Professional (CHRP) designation. Students gain practical experience during a work placement in the final semester. (Code: 0606)

### **Career Opportunities:**

- HR administration, recruitment and selection, wage and salary administration, training and development, labour relations, workplace safety, management and supervisory positions, accounting, or marketing

## **K** Business Administration – Human Resources (Fast-Track)

This one-year program provides training to those seeking employment in the human resources profession or to those currently working in the field who wish to upgrade their training and gain professional accreditation. Courses provide credits toward the Certified Human Resources Professional (CHRP) designation. Students gain practical experience during a work placement in the final semester. (Code: 0971)

### **Career Opportunities:**

- HR administration, recruitment and selection, wage and salary administration, training and development, labour relations, workplace safety, management and supervisory positions, accounting, or marketing

## **K** Business – Marketing

Develop a foundational understanding of business and its disciplines, learn how to create value for the marketplace with marketing skills through applied courses, including integrated marketing communications, brand management, business simulations, data analysis, personal selling, marketing research and entrepreneurship. With a holistic approach to career readiness, take part in Emotional Intelligence and WorkPlace Big Five assessments. Sharpen your skills and make important connections with the Professional Development Competition, Toastmasters, Sales Competitions, Enactus SLC, industry certifications and hands-on learning with leading industry tools. Be career ready and contribute to an organization with a marketing placement. (Code: 0261)

### **Career Opportunities:**

- Work in a variety of industries, including media, communications, sports and entertainment, banking, financial services, and entrepreneurship.
- Marketing analysts, professional sales representatives, community managers, social media analysts, and other digital marketing positions

**K Business Administration – Marketing**

Begin with a foundational understanding of business and its disciplines and expand your marketing abilities to create value for the marketplace and open doors to ever-increasing management opportunities. Senior level courses include marketing automation/tech, marketing analytics, digital and content marketing, business simulations, account and customer relationship management, and customized certifications, all of which culminate with a full marketing plan for a real client. With a holistic approach to career readiness, you also take part in Emotional Intelligence and WorkPlace Big Five assessments. Further expand your horizons with opportunities to sharpen your skills and make important connections with the Professional Development Competition, Toastmasters, Sales Competitions, Enactus SLC, industry certifications and hands-on learning with leading industry tools. You are career ready with applied tools and experience from two marketing placements. This three-year program easily bridges to domestic and international university degrees. (Code: 0209)

**Career Opportunities:**

- Media, communications, sports and entertainment, consumer goods, technology, banking and financial services
- Marketing analysts, product managers, sales managers, business analysts, account managers, community managers, social media managers and other digital marketing positions

**K Digital Marketing Communications**

This graduate certificate focuses on strategy development, an area with a shortage of trained professionals. The program will deepen your marketing communications knowledge and skills and develop new skills in planning and implementing DMC campaigns. You will learn how to utilize digital tools to develop customer-focused marketing programs, as well as digital analytics to predict and measure the success of web, digital, social media, and CRM campaigns. Gain hands-on practical experience through a marketing agency model, solving challenges for real clients, followed by a six-week work placement. (Code: 1089)

**Career Opportunities:**

- Ad agencies, to marketing departments, to charitable and government organizations, to small entrepreneurial endeavours
- Client services, account executive, copywriter, web producer, digital analyst, digital media specialist, social media manager, SEO and SEM specialist

**K Law Clerk**

Obtain a solid foundation in legal procedures and substantive law applicable to authorized areas of work for law clerks, who are able to work independently under the general supervision of a lawyer. Emphasis is placed on property law, civil litigation, family law, criminal law, wills and estates, legal research and writing, and business law. Students become familiar with office procedures relating to the production of legal documents and specialized legal software programs. The program includes a four-week work placement. (Code: 0228)

**Career Opportunities:**

- Law offices, government departments and agencies, financial institutions, courts, legal clinics, insurance companies, community service agencies, and other related environments where a legal background is an asset

**K B Office Administration – General**

Gain competitive and marketable skills related to office employment by studying communications, office procedures, a variety of computer applications and bookkeeping. Includes work placement. (Code: 0620)

**Career Opportunities:**

- Office administration positions in a variety of offices

**K B Office Administration – Health Services**

In addition to studying general areas of office administration, students become familiar with medical terminology and the production of medical documents encountered in the health services field. Includes work placement. (Code: 0986)

**Career Opportunities:**

- Doctors' offices, hospitals, clinics, pharmaceutical companies, and departments of government or industry maintaining medical staff

**K B Office Administration – Legal**

In addition to studying general areas of office administration, students become familiar with office procedures relating to the production of legal documents and specialized legal software programs. Includes work placement. (Code: 0621)

**Career Opportunities:**

- Law firms, trust companies, real estate firms, legal departments in large corporations, and departments of government maintaining legal staff

**K B Office Administration – Legal/Health Services**

In addition to studying general areas of office administration, students gain specialized knowledge and skills in legal and health services office administration, preparing them to work in a variety of settings. Includes work placement. (Code: 0824)

**Career Opportunities:**

- Legal or health services

**C Supply Chain Management**

This graduate certificate builds on the student's previous education and work experience and introduces all facets of supply chain management and logistics from a theoretical and practical perspective. Students can benefit from an integrated field placement during semester two. (Code: 0848)

**Career Opportunities:**

- Materials managers, retail and wholesale buyers, purchasing managers, strategic sourcing analysts, dispatchers, customs clearance brokers, safety & compliance managers, and supervisors in materials handling, among other opportunities

“

I applied late and by the time classes started I felt unprepared, but the first SLC prof I met said to me “come on in, we’re just going to rock and roll,” and that’s what I’ve been doing every day since. I am so glad I made this decision!

Terry McGinn,  
ADVERTISING AND MARKETING COMMUNICATIONS

# COMMUNITY SERVICES

Make a difference in the lives of individuals and families in your community. Discover which community services program fits your passion and begin your journey toward a career of helping others.

## CERTIFICATES

- General Arts and Science – Behavioural Psychology Stream
- General Arts and Science – Social Sciences Stream
- Pre-Service Firefighter Education and Training

## DIPLOMAS

- Early Childhood Education
- Mental Wellness and Addictions Worker
- Social Service Worker

## ADVANCED DIPLOMAS

- Behavioural Science
- Child and Youth Care

## GRADUATE CERTIFICATES

- Autism and Behavioural Science
- Communicative Disorders Assistant
- Therapeutic Recreation

## BACHELOR'S DEGREE

- Honours Bachelor of Behavioural Psychology

### **K** Autism and Behavioural Science

In this intensive, highly specialized graduate certificate program, students learn to use a variety of evidence-based approaches to develop the skills to support those with Autism Spectrum Disorder by reviewing relevant literature, developing intervention plans, implementing behaviour change programs, facilitating group programming, and more. Emphasis is on the understanding of Applied Behaviour Analysis and its use in the treatment of Autism Spectrum Disorder. Two field placements allow students to gain 350 hours of practical experience as part of this 8-month program. (Code: 1027)

#### Career Opportunities:

- Instructor Therapists or ABA Therapists working 1:1 or in small groups in clinical treatment programs
- Behaviour therapists and autism specialists in a variety of community settings and school boards

### **K** Behavioural Science

Learn how to work front-line with a variety of individuals to improve lives and meet treatment goals. Studying Applied Behaviour Analysis and related techniques, students learn how to design and implement interventions to teach skills to clients and/or to manage challenging behaviours. Students receive approximately 900 hours of clinical experience in community settings (approximately 650 hours in the fast-track program) during four field placements (three in the fast-track program) which allows students to apply the skills taught in the classroom to real-world learning experiences. (Code: 0337)

#### Career Opportunities:

- Working with clients with: addictions, autism, intellectual disabilities, child, adolescent and adult mental health, education, corrections/forensics, brain injury, and long-term care/geriatrics

### **K** Behavioural Science

(Fast-Track for those with a degree in psychology or related discipline) (Code: 0737)

### **K** Child and Youth Care

Learn to facilitate change in children, youth, and young adults who are experiencing a range of social, emotional and/or behavioural challenges. Students gain practical experience during four field placements. (Code: 0301)

#### Career Opportunities:

- Hospitals, children's mental health centres, family and children's services, group homes/youth detention centres, specialized educational programs, schools/residential treatment centres
- Street/community work with children/youth and self-employment initiatives

Students in our cluster of behavioural science programs **work with real clients, conduct original research**, and **collaborate with professionals** at the Centre for Behavioural Studies.

#### **B** Child and Youth Care (Accelerated)

This is a six-semester program which runs from September to mid-June for two years. This program allows students to complete an Ontario College Advanced Diploma in this time-frame. (Code: 0301)

#### **K** Child and Youth Care

(Fast-Track for those with a Bachelor's Degree in Social Sciences or a college diploma in Community Services) (Code: 0811)

#### **K** Communicative Disorders Assistant \*

This graduate certificate program prepares students to work in an assistive capacity with Speech-Language Pathologists or Audiologists in a variety of service settings. Students learn how to implement screening and intervention programs under the supervision of a Speech-Language Pathologist or Audiologist for a wide range of clinical populations. This 12-month program includes 490 hours of field placement experience. (Code: 1005)

##### **Career Opportunities:**

- School boards, preschool speech and language programs, hospitals, children's treatment centres, stroke and brain injury rehabilitation programs, private speech and hearing clinics

#### **K C** Early Childhood Education

Combine theoretical study with practical experience in this program which prepares students to work with children (from birth to age 12) and their families in a variety of early childhood settings. Graduates have a firm understanding of human development and can use this understanding to create responsive, inclusive, play-based learning environments to best support the child as they develop. Students receive 630-hours of practical experience in a variety of early learning environments during three field placements, starting in the first year of the program. This experience allows students to apply the skills taught in the classroom in real world learning situations. (Code: 0302)

##### **Career Opportunities:**

- Licensed child care agencies, full-day kindergarten, EarlyON and Family Centres, school-age child care programs, community programs, camps
- Domestic or international nannies, home child care

#### **K** Early Childhood Education (Online)

(Code: 0682)

#### **K** Early Childhood Education (Online, Part-Time)

(Code: 0469)

St. Lawrence College has given me **countless amazing opportunities** to challenge myself to do better, present my work at conferences, and be recognized among other professionals in my field.

Cierra Vandermeer, HONOURS BACHELOR OF BEHAVIOURAL PSYCHOLOGY

**K** General Arts and Science – Behavioural Psychology Stream \*

Study communications, psychology, sociology, statistics, and more in this one-year program, which provides students with the prerequisites to apply for the Honours Bachelor of Behavioural Psychology program. (Code: 0478BP)

**K C** General Arts and Science – Social Sciences Stream

This program provides foundational knowledge that is directly transferable to programs such as Social Service Worker and Child and Youth Care. For students interested in other programs upon completion, contact the General Arts and Science program coordinator for additional course requirements. (Code: 0478SS)

**K** Honours Bachelor of Behavioural Psychology \*

This four-year program combines 1,100 hours of supervised placement in three different community settings. Students learn about psychological theory and research, practice clinical skills (under supervision) in a wide variety of field settings. (Code: 1102)

**Career Opportunities:**

- Working with clients with: addictions, autism, intellectual disabilities, brain injury, child, adolescent, and adult mental health, employment services, education, corrections/forensics, and long-term care/geriatrics

**B** Mental Wellness and Addictions Worker

This two-year (four semester) program prepares graduates with specialized training in addictions and mental health. You will acquire the skills and tools required by frontline professionals to deliver responsive and effective practice in the healthcare and social services field. You will gain an understanding of the complex needs of diverse client populations; establish and extend your skillset; nurture and expand your critical-thinking and problem-solving skills; and, recognize, understand, and apply a holistic model of client-centered care. The in-class hands-on approach to learning is key to student success, translating theory-to-practice during the field placement practicum. (Code: 0865)

**Career Opportunities:**

- Community mental health and addictions services; correctional facilities; services for Indigenous people; residential treatment centres; shelter systems; youth and family services, and rehabilitation homes
- Addiction support; case management; community mental health; crisis support; homeless prevention; Indigenous outreach work; rehabilitation support; residential and housing support; shelter support services; youth and family support; and veteran's services

**B** Pre-Service Firefighter Education and Training

Following the National Fire Protection Association (NFPA) 1001 Firefighter I & II standard, NPFA 1072, NFPA 1035 and NPFA 1006 (Chapter 5) this program blends theory, lab practice, and field experience. Students will be expected to perform fire related duties at a considerable height or in very confined spaces in preparation for entry into the firefighting profession. A firefighter training tower on campus provides students with the opportunity to gain practical skills. (Code: 1011)

**Career Opportunities:**

- Ministry of Natural Resources, fire prevention and public education, Canadian Military, airport authority, municipal fire department
- Professional firefighting, industrial fire and safety, fire inspection, volunteer firefighting, airport firefighter

**K C** Social Service Worker \*

Prepare for an exciting career as a front-line service provider in a variety of social service settings. SSW students learn how to observe, assess, and support people experiencing challenges in their lives. (Code: 0385)

**Career Opportunities:**

- Mental health and wellness, substance use, inclusivity and support for people with development disabilities, child and youth empowerment, crisis informed care

**K** Social Service Worker

(Fast-Track for those with a degree in Social Sciences)  
(Code: 1047)

**K** Therapeutic Recreation

This one-year graduate certificate program prepares students with specialized training to work within recreation, health, or social service delivery systems serving individuals of all ages and abilities. Graduates will acquire the skills to complete client assessments, develop and evaluate programs, and use a variety of facilitative techniques to enhance health, improve functional ability, and increase individual's quality of life. The curriculum for this program has been determined to be in alignment with the Therapeutic Recreation Ontario (TRO) Essential Competency Framework (ECF). (Code: 0988)

**Career Opportunities:**

- Health, recreation or human service organizations such as long-term-care facilities, retirement homes, rehabilitation programs, hospitals, hospices, healthcare agencies, mental health and addictions services, schools, and in private practice

# COMPUTER & ENGINEERING TECHNOLOGY

Be career-ready for the fast-developing world of Computer & Engineering Technology. From game development, civil engineering technology, computer programming and analysis, to energy systems engineering technology and wind turbine technician, you'll be ready for a challenging, ever-changing industry with a myriad of opportunity.

## CERTIFICATES

- General Arts and Science – Technology Stream

## DIPLOMAS

- Computer Systems Technician
- Energy Systems Engineering Technician
- Game – Programming
- Instrumentation and Control Engineering Technician
- Wind Turbine Technician

## ADVANCED DIPLOMAS

- Civil Engineering Technology
- Computer Programming and Analysis
- Energy Systems Engineering Technology
- Instrumentation and Control Engineering Technology

### **K** Civil Engineering Technology

Civil engineering technologists are involved in the planning, design, construction, maintenance, environmental management, land use planning, fluid and soil mechanics, steel structures, highway technology, and more. Includes a month-long field placement. (Code: 0104)

#### Career Opportunities:

- Consulting engineering firms, government, construction firms, industries, municipalities, utilities, and telephone communications.

### **K** Computer Programming and Analysis

Gain skills in designing and writing computer programs, web development, client server, logic analysis, operating systems, object-oriented programming, online gaming, mobile computing — Android cell phones, Microsoft. net, and more. Our program offers mainframe training through a partnership with IBM's academic initiative program. Includes work placement. (Code: 0458)

#### Career Opportunities:

- Designing/writing business application programs, web development, systems analysis, design, data, modeling, consulting and technical support.

### **K** **C** Computer Systems Technician

Receive hands-on training in computer hardware, applied internet technology, software installation, scripting procedures, diagnostics, network installation, operating systems, maintenance, user support, and website development. Includes work placement. (Code: 0457)

#### Career Opportunities:

- Federal and provincial governments, corporations, hospitals, and the education sector.
- Network administration, computer hardware, help desk, application support, and technical support.

### **K** Energy Systems Engineering Technician

Graduates will develop and implement projects for businesses and homeowners to realize energy savings in their buildings and have an understanding of systems specification, installations, and operations in the fields of renewable energy, and conventional heating, ventilation, air conditioning, air handling and control technologies. The program has two learning facilities: Energy House, an energy-efficient comparison training facility, and RE Lab, a grid-connected laboratory. Both offer a comprehensive selection of renewable energy and existing conventional heating systems for hands-on training opportunities. (Code: 1002)

### **K** Energy Systems Engineering Technology

Building on the skills developed during the first two years, graduates will assist developers, designers, architectural, construction, and sustainable energy companies to incorporate energy efficiency and renewable energy technologies into their projects and have an in-depth understanding of system design. Includes a 4-week placement. (Code: 1001)

#### Career Opportunities:

- Renewable energy designer & installer, project manager, coordinator, energy auditor & manager, project associate, LEED Building, AutoCAD technician.

### **C** Game – Programming

Bridge your passion for gaming and career goals and acquire game development skills with a solid foundation in software design methodology and programming. (Code: 0974)

#### Career Opportunities:

- Generalist Programmer, Audio Programmer, Build/Pipeline Engineer, database programmer, online/network programmer, front end developer, graphics programmer, tools programmer.

SLC makes a difference in my student life because there is **a lot of emphasis on inclusivity** and helping us succeed. I enjoy De-Stress Fest, Paint Night at St. Larry's, and other opportunities to have my voice heard on campus.

Karman Wong,  
COMPUTER PROGRAMMING AND ANALYSIS

**KC General Arts and Science – Technology Stream**

The courses in this one-year program provide the foundation required for engineering technology programs. Ideal for students who wish to move on to applied computing programs. (Code: 0478TE)

**K Instrumentation and Control Engineering Technician**

Control Systems are the brains behind the devices that produce everyday goods. Gain skills in instrumentation, robotics, process control, programmable logic controllers, and more in this hands-on program. (Code: 0731)

**Career Opportunities:**

- Careers across a variety of sectors such as municipal waste and water utilities, assembly and manufacturing plants, building automation, medical simulation labs, research labs, and power systems.

**K Instrumentation and Control Engineering Technology**

Building on the skill set of the Instrumentation and Control Technician, this three-year program provides advanced knowledge in process control, robotic and automation systems, computer interfacing and communications, and power systems. Includes work placement. (Code: 0730)

**Career Opportunities:**

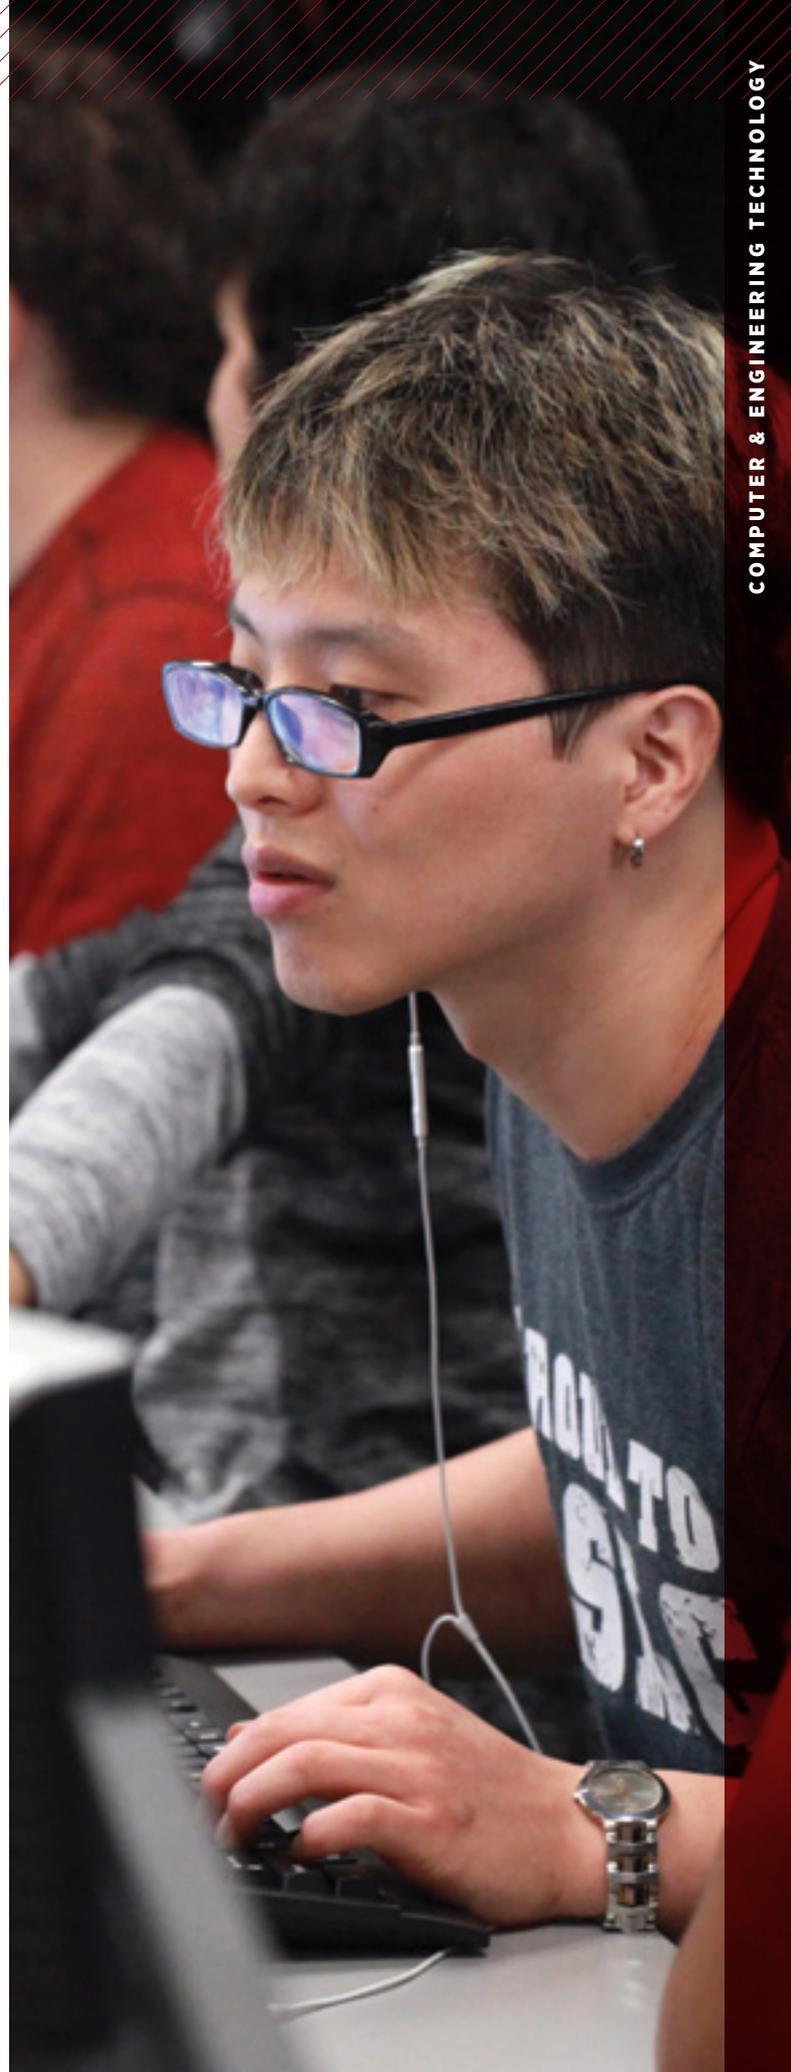

- Control systems, communications, programming, and technical project planning, engineering design, as well as device and system specification.

**K Wind Turbine Technician**

Gain in-depth knowledge and practical experience of the electrical and mechanical aspects of wind turbines, learn fibreglass repair techniques, and receive safety training for working at heights or confined spaces. Learn to install, carry out preventative maintenance, and diagnose and repair any faults, contributing to the on-going safe operation of wind turbines. (Code: 1046)

**Career Opportunities:**

- Installing and conducting scheduled preventative maintenance on large-size wind turbines as members of a maintenance team.
- Inspect, diagnose, and repair turbines to ensure their safe operation.

# HEALTH SCIENCES

With Kingston's new, state-of-the-art clinical labs, and upgraded labs in Brockville and Cornwall, SLC's School of Health Sciences and School of Baccalaureate Nursing will provide you with the best learning environment possible. Whether working with people, behind the scenes in a lab, or with animals, you'll be ready with the hands-on education SLC provides.

## CERTIFICATES

- Community Integration through Co-operative Education (CICE)
- Medical Laboratory Assistant/Technician
- Personal Support Worker
- Pre-Health Sciences Pathway to Advanced Diplomas and Degrees
- Pre-Health Sciences Pathway to Certificates and Diplomas
- Veterinary Assistant

## DIPLOMAS

- Environmental Technician
- Fitness and Health Promotion
- Health Information Management
- Paramedic
- Practical Nursing

## ADVANCED DIPLOMAS

- Biotechnology Advanced
- Medical Laboratory Science
- Veterinary Technology

## BACHELOR'S DEGREE

- Bachelor of Science in Nursing (BScN) (offered in collaboration with Laurentian University)

### KBC Bachelor of Science in Nursing \*

This four-year baccalaureate program is offered in collaboration with Laurentian University and prepares graduates to practice according to the College of Nurses of Ontario (CNO) competencies for entry-level Registered Nurse practice. All four years of the program are offered on campus at St. Lawrence College. (Code: 1024)

#### Career Opportunities:

- Public and community health, critical care, rehabilitation, long-term care, maternal and child birth, medical and surgical nursing, mental health, correctional services, education, research, and many more.

### K Biotechnology Advanced

Gain expertise and practical training in all aspects of Biotechnology including molecular and microbiology, immunology, chemistry, fermentation and protein techniques, environmental remediation, food science, applied genetics, plant biotechnology, analytical instrumentation, and tissue culture. The final 14-week semester is dedicated to real-world learning via placement in a research or industrial setting. (Code: 0437)

#### Career Opportunities:

- Academic research laboratories e.g. disease and medical research, ecology, bioremediation, genomics and proteomics, as well as commercial research, development and production of biological products such as pharmaceuticals, food, alcoholic beverages, bulk chemicals and bio-pesticides.
- Microbiological, chemical and instrumental analyses of raw materials and finished products and environmental protection through waste management, detection of soil and water contaminants/pollutants and application of bioremediation techniques.

## WHAT'S NEW

**State-of-the-art technical training equipment** and **modernized clinical simulation labs** prepare you for a career in health care.

### **K B C** Community Integration through Co-operative Education (CICE)

This two-year certificate program is designed for adults with significant learning challenges who wish to further their education/vocational training in a community college setting. Students will have the opportunity to complete an individualized program of study made up of courses from an area of concentration selected from St. Lawrence College's program offerings. Students will receive academic supports such as note-taking, curriculum modification, and tutoring. Students can expect to develop or refine their abilities in a number of potential work environments through field placement experiences. (Code: 0790)

#### **Career Opportunities:**

- Entry-level position in their selected area of concentration.

### **C** Environmental Technician

Students develop skills such as data collection and analysis and environmental assessment supported by two field courses and a four-week work placement. Students also benefit from a partnership with the St. Lawrence River Institute of Environmental Sciences, a globally-recognized centre for scientific research on the St. Lawrence River located on the Cornwall campus. (Code: 0964)

#### **Career Opportunities:**

- Environmental consulting firms, water and wastewater treatment plants, government ministries, industry and private companies, testing laboratories, research institutes, conservation authorities.

### **C** Environmental Technician (Fast-Track for those with a diploma or a degree) (Code: 0964FT)

**K Fitness and Health Promotion**

Become a dynamic leader in the field of fitness health and promotion by studying exercise science, human relations, fitness, personal and professional development, health promotion, and business management. Gain 400 hours of practical experience in the work force from two work placements. (Code: 0442)

**Career Opportunities:**

- Personal trainer, group fitness instructor, strength & conditioning coach, corporate wellness consultant, Health Promoter (Health Unit), military fitness instructor, municipal or community recreation staff, senior's fitness programmer, health club manager or owner, cruise ship fitness & recreation leader, physiotherapy assistant, sports coach.

**K Health Information Management**

HIM professionals work with personal health records, capturing and encoding patient information, analyzing data, upholding patient's privacy and preparing statistical reports for use in health care delivery, research, and education. (Code: 1008)

**Career Opportunities:**

- Decision support specialist, HIM/Health Records Technician, decision support/business intelligence consultant, coding/classification specialist, release of information/privacy officer, administrator, health information, chart management specialist, health records analyst, research associate.

**K Medical Laboratory Assistant/Technician**

As important members of the health care team, they interact directly with patients, perform ECGs and collect blood samples for laboratory analysis. Inside the laboratory, they assist other professionals by sorting and preparing samples for testing, operate laboratory equipment, perform basic laboratory testing under supervision, and manage data in computers. This program includes two semesters of learning in classrooms and laboratories followed by a final 4-week field placement in laboratories of partner hospitals and private institutions. Graduates are qualified to write the Medical Laboratory Professionals' Association of Ontario (MLPAO) and the Canadian Society for Medical Laboratory Science (CSMLS) certification exams for Medical Laboratory Assistant/Technician. (Code: 0734)

**Career Opportunities:**

- Hospital laboratories and private laboratory companies, health clinics and public health laboratories.

**K Medical Laboratory Science \***

Medical Laboratory Technologists conduct sophisticated diagnostic tests on blood, body fluids and tissues to provide important information used in detecting illness and monitoring health. Enjoy a rewarding career using skills to measure chemical components in blood and body fluids, detect diseases in blood cells, perform blood typing and cross-matching for blood transfusion, detect and identify infections caused by bacteria and fungi, and prepare surgical and autopsy tissues for analysis. Medical Laboratory Technologists represent one of the largest groups of professionals in health care. The final year of the program occurs inside the laboratories of partner hospitals and private institutions and is arranged by the College. Graduates are eligible to write the general certificate exams of the Canadian Society for Medical Laboratory Science. (Code: 0134)

**Career Opportunities:**

- In hospital laboratories, private laboratories, and public health institutions, research laboratories, clinics, business and industry.

**C Paramedic \***

Study pre-hospital emergency care and acquire the practical skills to manage medical emergencies, provide quality, complex care in the field and effectively communicate with patients and other emergency and health care professionals. Perform the role of a Primary Care Paramedic during 400+ hours of placement in the final semester. Graduates are eligible to write the provincial AMECA certification exam. (Code: 0970)

**Career Opportunities:**

- Emergency medical services, patient transfer services, fire and rescue departments, industrial first aid, emergency medical education, medical supply sales, recreational and sports facilities, emergency communications.

**K B C Personal Support Worker**

PSW certificate graduates provide valuable support services to individuals and their families in a wide variety of health care settings. Students learn the theory behind care, practice in two lab settings (hospital and a community apartment simulation) and apply the skills learned in four different clinical field placements. (Code: 1032)

**Career Opportunities:**

- Long-term care facilities and retirement homes, hospitals, home care, community-based group residences, adult day centres, rehabilitation centres and dementia units.

**K B C Practical Nursing \***

This program provides students with nursing theory, practical skills, and critical thinking ability. Placement opportunities include a variety of patient populations (of all ages) and agencies. This program prepares graduates according to the Entry to Practice Competencies set by the College of Nurses of Ontario. (Code: 0491)

**Career Opportunities:**

- Hospitals, clinics, community agencies, rehabilitation, government services and long-term care.

**K B C Pre-Health Sciences Pathway to Advanced Diplomas and Degrees \***

This one-year certificate program provides students with the academic background for admission to advanced diploma and baccalaureate programs in health sciences, including Bachelor of Science in Nursing. Qualified graduates may pursue a Bachelor of Health Sciences (Honours) at Queen's University and will receive credit for four courses (12 units) toward the degree. (Code: 1094)

**K C Pre-Health Sciences Pathway to Certificates and Diplomas**

The one-year certificate program prepares individuals for successful admission to, and future success in, certificate and diploma-level Health Sciences programs and other post-secondary studies. (Code: 1093)

**O Registered Nurse Critical Care Nursing**

Critical care nurses are responsible for the most vulnerable patients, in the most acute care environments. Those working in critical care are expected to monitor, assess and treat critically ill patients and thus must have an in-depth knowledge base and skill level related to the conditions, treatments and environments in which these patients are cared for. (Code: 0415)

**K Veterinary Assistant \***

Students develop surgical support techniques, safe handling skills, perform physical examinations at the local Humane Society, perform dog grooming, and operate the 'Scruffy Dog Salon' on campus. Includes 120-hour field placement. (Code: 0633)

**Career Opportunities:**

- Veterinary clinics, animal shelters, animal cruelty investigations, pet stores, research colonies, grooming salons, and wildlife facilities.
- Open your own boarding kennel, dog daycare, or pet sitting service.

**K Veterinary Technology \***

Receive applied scientific training in practical laboratory and veterinary technical skills needed to work in a variety of veterinary related settings. The final 14-week semester is dedicated to real-world learning via placement in a clinical setting, a research setting and an alternate student choice setting. (Code: 0722)

**Career Opportunities:**

- Veterinary hospitals, research labs, pharmaceutical and pet-food sales, animal shelters, zoos, and wildlife research stations, animal care services or work alongside biomedical researchers.
- Open your own business or work at veterinary technician colleges.

This may sound cliché, but the Fitness and Health Promotion program has changed my life for the better and I couldn't be happier that I enrolled and discovered **my dream career.**

Danielle Daviault,  
FITNESS AND HEALTH PROMOTION

# HOSPITALITY & CULINARY ARTS

Become a tourism leader or culinary professional in the booming hospitality industry. Take your skills around the world on a cruise ship, at top hotels, casinos, and so much more. Opportunity abounds in this dynamic industry. Get your start at SLC.

## CERTIFICATES

- Culinary – Chef Training

## DIPLOMAS

- Culinary Management
- Hospitality
- Tourism

### K Culinary Management

Aspiring professional chefs wanted! Achieve higher levels of employment in the culinary industry with culinary techniques, vegetarian and international cooking and bakery, business communications, management practices, nutrition, menu planning and development, and applied computer skills. (Code: 1003)

#### Career Opportunities:

- Restaurants, hotels and resorts, casinos, cruise lines, caterers, private clubs, fine inns, and Bed and Breakfasts

### K Culinary Skills – Chef Training

Students learn entry-level aspects of food production, basic nutrition, kitchen management, and fundamental food and labour controls. Students who successfully complete this one-year program are eligible to return to the second year of Culinary Management program if they choose. (Code: 1004)

### K Hospitality

Whether you dream of working abroad, or prefer to remain closer to home, this program will prepare you to launch a dynamic and rewarding career in the diverse and exciting Hospitality industry. (Code: 0903)

#### Career Opportunities:

- Hotels, restaurants, entertainment (bars, pubs, nightclubs), resorts, cruise lines, festival and special events operations, catering/banquets, conferences

### K Tourism

Do you want to be a part of the fastest growing industry in the world? Study special events planning and management, casino operations, hospitality and tourism law, sport tourism, adventure and ecotourism, arts and cultural tourism, and historical tourism. (Code: 0879)

#### Career Opportunities:

- Casinos, historical tourism attractions, cruise lines, festival and special event operations, ecotourism and adventure tourism development
- Sales & Marketing of Community Tourism, Conference Planning

# JUSTICE STUDIES

Prepare for a career in criminal justice, law enforcement, corrections, and much more with our programs in Justice Studies. Engage your critical thinking and problem-solving skills in these challenging fields.

## DIPLOMAS

- Community and Justice Services
- Police Foundations

### **K** Community and Justice Services

Develop skills in problem solving, critical and creative thinking, and teamwork. Graduates are prepared to be engaged in the process of creating and building safer communities by intervening with offenders, high risk client groups, developing community programs and other initiatives that require measured and appropriate interventions. Field placements for the program cover the entire range of correctional, social service, and educational agencies. (Code: 0335)

#### Career Opportunities:

- Correctional facilities, youth facilities, schools, private and corporate security, Department of National Defence, law enforcement, and treatment facilities

### **KBC** Police Foundations

Study the Canadian criminal justice system, criminal and civil law, community mobilization and community policing, fitness and lifestyle management, sociology, psychology, and more. (Code: 0817)

#### Career Opportunities:

- Policing services, Canada Border Services, Military Police, Ministry of Transportation, private/corporate security, and various correctional institutions

### **KBC** Police Foundations (Fast-Track for those with a diploma or a degree)

(Code: 0827)

### **O** Police Foundations (Online)

(Code: 0960)

### **O** Police Foundations (Online, Part-Time)

(Code: 0969)

After hearing from others about their college experiences, I'm even more certain that SLC is one of **the BEST** colleges available. I would not hesitate to recommend it to anyone!

Robert Osborne, POLICE FOUNDATIONS

# SKILLED TRADES

Are you ready to be in demand? SLC's Skilled Trades programs will prepare you for a career with real world skills that employers require. A wide selection of apprenticeship programs are available for individuals wishing to start a high demand skilled trade or those who want to advance their skills.

## APPRENTICESHIPS

- See page 42

## CERTIFICATES

- Carpentry Techniques
- General Arts and Science – Pre-Trades Stream
- General Construction Carpentry Techniques
- Welding and Fabrication Techniques

## DIPLOMAS

- Electrical Engineering Technician
- Esthetician
- Hairstyling
- Mechanical Technician
- Motive Power Technician
- Welding and Fabrication Technician

### **K** Carpentry Techniques

Develop your skills in blueprint reading, residential and commercial construction, concrete forming, wood and steel framing, interior and exterior finishing, stair manufacture, surveying, fine woodworking, commercial building practices, and more. Spend one-third of each week in a carpentry lab setting. This program meets the level 1 in-school learning outcomes for the General Carpenter trade curriculum. (Code: 0141)

### **K** Electrical Engineering Technician

Gain well-rounded practical and theoretical knowledge of many aspects of the electrical field. This program also covers all the curriculum learning outcomes for the Construction and Maintenance Electrician and Industrial Electrician trades. (Code: 1050)

#### Career Opportunities:

- Industrial, construction and maintenance electricians who work in coordination with engineering and other trades

### **K** Esthetician

This 10-month program teaches students the latest treatments and techniques in the spa industry. You will be trained in all the esthetic services, basic, advanced and medical esthetics. Keeping with the current trends of the industry you will also be trained in the latest treatments and techniques like Thai stem massage, bamboo massage, hot lava shell massage, lash lifting, lash extensions. Our in-house training salon, Dynamic Designs, provides opportunities to practice and perfect all of your skills with clients from the community. In the last ten years, our students have won ten gold medals at the provincial skills competition. At the national skills competition they've won seven gold, two silver and one bronze. Students have participated in two world skills competitions in Brazil and Abu Dhabi. (Code: 0736)

### **K C** General Arts and Science – Pre-Trades Stream

Are you interested in the Skilled Trades, but not sure which one to choose? This foundational one-year program will help you explore a variety of skilled trades while you build broad skills that apply to the workplace. This program focuses on Bricklaying/ Masonry, Plumbing, Electrical, Carpentry, and Mechanical trades. (Code: 0478RD)

### **C** General Construction Carpentry Techniques

This program allows you to build a new structure or renovate an old one. Emphasis on carpentry skills from base footings to framing, interior and exterior finishing, and fine finishing techniques. Building and installation techniques taught through hands-on construction activities. (Code: 1071)

#### Career Opportunities:

- General contractors or independent contractors running their own business, selling building materials in hardware stores, lumberyards and building centres

**KB Hairstyling**

Can you make the cut? Be career ready through this fast-tracked diploma program completed in under one-year. Students benefit from a combination of theory and practical, hands-on experience with clients in the training salons on campus and through experiential learning field placements. In addition, graduates gain a certificate of achievement for advanced design through the Toronto Redken Exchange. (Code: 0503)

**Career Opportunities:**

- Editorial, theatrical or film stylist, industry teacher/instructor, salon owner, manager, or trainer, self-employed or contract stylist, design, colour, texture specialist
- Sales consultant, manufacturer educator/representative or platform artist

**K Mechanical Technician**

Develop an industry-based mechanical/millwright skill set. Spend 50% of each week in a hands-on mechanical lab setting, using metal lathes, milling machines, surface grinders, Computer Numerical Control, Additive Manufacturing Technologies, power tools and welding-related machinery. Study a variety of technical subjects including lean manufacturing, AutoCad, technical math, communications and more. (Code: 0507)

**Career Opportunities:**

- Prepare conventional and computer-assisted designs, drawings and specifications; conduct a limited range of mechanical tests and analyses of machines, components and materials.
- Assist in inspection of mechanical installations and construction project, and participate in the installation, repair and maintenance of machinery and equipment

**C Motive Power Technician**

This program provides students with a specific range of technical training as well as a range of generic skills required for employment in this rapidly changing industry. Acquire hands-on experience through a variety of shop classes and a Technology and Business Practices course in which students work on vehicles in a simulated automotive shop setting. (Code: 1030)

**Career Opportunities:**

- Managerial, technical, and skilled trade

**C Welding and Fabrication Technician**

Study a wide variety of welding processes including Shielded Metal Arc Welding, Gas Metal Arc Welding, and Gas Tungsten Arc Welding. Program content also includes blueprint reading, safety and rigging, computer aided design, layout and fitting, and more. Students take a Computer-Aided Design (CAD) course and operate automated welding and cutting equipment. This offers them the opportunity to operate CAD equipment in an advanced fabricating shop. (Code: 1040)

**Career Opportunities:**

- Metal fabricating industry as well as the manufacturing and repair sectors

The labs are full of advanced machines, makeup, and tools. I'm well prepared for a successful future. The thing I liked best was the amazing staff — they were always willing to go out of their way to help us learn and improve. **They go the extra mile.**

Katie Salamone, ESTHETICIAN

# APPRENTICESHIP PROGRAMS

Apprenticeship is hands-on training for individuals who prefer learning by doing. The training provides access to well-paid jobs that demand a high level of skill, judgement and creativity. Apprenticeships are paid while gaining work experience with wages increasing with their level of skill. Apprenticeship is a proven industry-based learning system that combines job experience with technical training.

Apprenticeship training is recognized as one of the most efficient methods of training and educating skilled trades people. Students who wish to attend these programs must be employed and sponsored by their employer. Each apprenticeship registered in a certified trade must successfully complete training in a College of Applied Arts and Technology or other approved training setting where the theory and practice of the trade is taught. This is in addition to the practical training received on the job.

## For more information about Apprenticeship programs:

Kingston: 613-544-5400, ext. 1376  
Cornwall: 613-933-6080, ext. 2702

### C Automotive Service Technician – Apprenticeship

Areas of study include engines, fuel and electrical systems, power trains, steering, suspension and brakes, and applied shop practice, including safety, welding, and air-conditioning. (Code: 0740/0741/0742)

### K Brick and Stone Masonry – Apprenticeship

This Red Seal apprenticeship program meets the in-school learning requirements for the 401A trade certification. (Code: 1072/1073/1074)

### K C Carpenter – Apprenticeship

This Red Seal apprenticeship program meets the in-school learning requirements for the 403A trade certification, General Carpenter. (Code: 0575/0576/0577)

### K Cook – Apprenticeship

Seventy percent of instruction occurs in the training kitchens with hands-on direction from senior chef professors. Apprentices learn the skills needed for career success and advancement. (Code: 0336)

### K Electrician: Construction and Maintenance – Apprenticeship

This trade worker often works on the installation and maintenance of electrical distribution system, and is often related to new construction, and retrofits for residential, commercial, and industrial locations. (Code: 0174/0175/0176)

### K General Machinist – Apprenticeship

This Red Seal apprenticeship program meets the in-school learning requirements for the 429A trade certification, General Machinist. (Code: 0182/0183/0184)

### K Hairstyling – Apprenticeship

Offered to apprentices already sponsored by an employer. Students gain valuable skills and theoretical components to be successful behind the chair and confidently complete the Ministry licensing process. (Code: 1006, 1007)

### K Industrial Electrician – Apprenticeship

This trade worker often works in industrial locations and typically works less on new installations and more on the maintenance, calibration, and programming of industrial automation systems. (Code: 0739/0743/0744)

### K Industrial Mechanic (Millwright) – Apprenticeship

This Red Seal apprenticeship program meets the in-school learning requirements for the 433A trade certification, Industrial Mechanic Millwright. (Code: 0185/0186/0187)

### K Plumber – Apprenticeship

This Red Seal apprenticeship program meets the in-school learning requirements for the 306A trade certification, Plumber. (Code: 0193/0194/0195)

### C Welder – Apprenticeship

This Red Seal apprenticeship program meets the in-school learning requirements for the 456A trade certification, Welder. (Code: 0884, 0885, 0886)

Whether you are having trouble finding a class or trouble with class work, staff and teachers are always willing to reach out to give a hand or guidance when needed.

Alex Edwards,  
CARPENTRY APPRENTICESHIP

# WHERE DO YOU WANT TO GO NEXT?

St. Lawrence College has partnerships with educational institutions around the corner and around the world, allowing you to continue your studies in Canada or abroad to gain valuable knowledge and a global experience.

## CREDIT TRANSFER AND ARTICULATION OPPORTUNITIES BY PROGRAM

We work with hundreds of institutions across Canada and around the world to develop educational pathways for our students and graduates because we know many are seeking more than one credential. These opportunities can enhance your education and give you recognition for credits earned, often reducing degree completion time, which saves both time and money.

Visit [thisisSLC.ca/credittransfer](https://thisisSLC.ca/credittransfer) and [www.ontransfer.ca](https://www.ontransfer.ca) for more information.

## Earn your Bachelor's Degree in Ireland

SLC has agreements with Institutes of Technology across Ireland that allow students to turn their SLC diploma into a Bachelor's degree in a short duration at reduced tuition. The Irish Institutes of Technology offer SLC graduates access to a variety of degrees and locations. With high demand from our graduates, we are developing more program pathways with more Irish institutions all the time. Make St. Lawrence College your gateway to Ireland! Learn more at: [thisisSLC.ca/Ireland](https://thisisSLC.ca/Ireland).

## University of Florida & Disney International

Full-time SLC students enrolled in Business, Hospitality, Tourism, and General Arts and Science programs have the opportunity to study at the University of Florida. Students gain university credits that can be transferred back to St. Lawrence College credentials and earn money while completing a work term at the Walt Disney World Resort in Orlando, Florida, USA.

## Barbados Community College Exchange Program

Our partnership with Barbados Community College (BCC) allows full-time SLC students in the following programs to participate in a student exchange:

**Visual & Creative Arts - Fine Arts:** experience a single semester exchange to BCC. After graduation, consider earning your Bachelor's Degree in Ireland at the Galway-Mayo Institute of Technology.

**Culinary Management:** spend your first year at SLC and your second year at BCC, based on available space, and graduate with an Ontario College Diploma from SLC and an Associate Degree from BCC. After graduation, consider earning your bachelor's degree in Ireland at the Institute of Technology Tralee.

## Nagoya University of Foreign Studies (NUFS)

A one-semester (fall or spring) exchange is available at NUFS in beautiful Nagoya, Japan. NUFS and the Japanese government offer bursaries to offset the cost of room and board, allowing you to study Japanese language and culture in an international environment with other international students. Explore modern Japan's industry, language, and culture through study, research, hands-on learning, and excursions.

“

Being immersed in the culture, staying with a family and hanging out with locals provided an education that could never be matched by a textbook or classroom setting.

Alex Amy, TOURISM

# FINANCIAL OPTIONS

## ONTARIO STUDENT ASSISTANCE PROGRAM (OSAP)

OSAP offers a range of grants, bursaries, and student loans. As a Canadian citizen and a resident of Ontario, a Permanent Resident of Canada or a Protected Person, you may qualify for OSAP. For more information on OSAP, visit [Ontario.ca/OSAP](http://Ontario.ca/OSAP). If you need help, SLC has Financial Aid/OSAP Advisors on each campus.

## BURSARIES AND SCHOLARSHIPS

SLC has an extensive bursary and scholarship program to help you pay for college. Scholarships and bursaries range between \$500 and \$3,000. It's easy to apply – you only need to fill out the application once to be considered for all bursaries for which you qualify.

Apply for bursaries and scholarships by April 30, 2020 for first-round consideration. Review some of the many bursary and scholarship opportunities and find application information at [thisisSLC.ca/awards](http://thisisSLC.ca/awards)

## JOYCE FOUNDATION LUMLEY BURSARY

You may be eligible for this bursary, worth up to \$3,000. Available to entrance students who are applying directly out of high school or have been out of high school no longer than one year. Applicants must reside in the three communities and counties surrounding SLC's campuses. Applicants must be able to demonstrate financial need and be willing to seek a mentor.

## WORK ON CAMPUS: EARN WHILE YOU LEARN

Student employment on campus is designed with the student in mind. Flexible work hours accommodate class timetables, providing practical work experience often relating to their field of study.

YOU COULD WIN \$2,000  
TOWARD YOUR TUITION.

VISIT [THISISSLC.CA/CONTEST](http://THISISSLC.CA/CONTEST)  
TO LEARN MORE.

# HOW TO APPLY

Applying is easy!

Find the application at [ontariocolleges.ca](http://ontariocolleges.ca)

---

Apply to college as soon as the application is available at the beginning of October. You'll be required to submit transcripts and pay an application fee. Applications are considered complete once all application fees and related documents are received. Applications must be received on or before **February 1, 2020** to ensure equal consideration. After this date SLC will not process applications to highly competitive programs unless space is still available. After **February 1, 2020** applications to programs which still have space are considered on a first-come, first-served basis.

## HIGHLY COMPETITIVE PROGRAMS

Highly competitive programs are programs for which the number of qualified applicants exceeds the number of seats available. Meeting the minimum admission requirements does not guarantee admission to highly competitive programs and applications may be ranked. Applications are ranked based on grades, including overall and course prerequisite averages. Admission will be offered in order of ranking and some applicants will be placed on a waitlist or denied entrance to the program.

Although each year is different, the following programs are highly competitive and may be subject to our ranking procedures:

- Bachelor of Science in Nursing (1024)
- Communicative Disorders Assistant (1005)
- General Arts and Science – Behavioural Psychology Stream (0478BP)
- Honours Bachelor of Behavioural Psychology (1102)
- Medical Laboratory Science (0134)
- Paramedic (0970)
- Practical Nursing (0491)
- Pre-Health Sciences Pathway to Advanced Diplomas and Degrees – Kingston (1094)
- Social Service Worker – Kingston (0385)
- Veterinary Assistant (0633)
- Veterinary Technology (0722)

## INTERNATIONAL STUDENTS

International students are invited to apply year-round. For more details, please visit [thisisSLC.ca/international](http://thisisSLC.ca/international) or contact us at [international@sl.on.ca](mailto:international@sl.on.ca). Please see Priority for Consideration for information regarding admission to highly competitive programs. Note: If you are a resident of Canada without Canadian citizenship, you must provide proof of your status in Canada. If you do not reside in Canada and are not a Canadian citizen, you must obtain a student visa valid for the academic year you plan to attend.

## PRIORITY FOR CONSIDERATION

As per Ministry guidelines, where eligible applicants exceed the number of program spaces, priority for consideration is:

1. Permanent resident of Ontario
2. Permanent resident of other Canadian provinces/territories
3. Applicants from other countries.

The Office of the Registrar reserves the right to update the list of highly competitive programs at any time based on applicant demand and program changes.
