Using the Panopto App (Android)

This manual contains pertinent information about how to use the Android application of Panopto

June 2019

About

Panopto is a video sharing service that is accessible through Blackboard to staff and students. Panopto is available on computers as well as mobile devices, including those running Android 5.0 or above.

Downloading the App

1. Open the **Google Play App Store** on the device you would like the app installed.

2. Using the search feature, enter **Panopto** and click **install**.

Using the App for the first time

1. Click on the **Panopto App icon** to open the application.

2. In the top right corner of the screen, click Sign in.

3. When prompted, you will need to enter the following address:

slcme.hosted.panopto.com and click OK at the bottom of the screen.

4. A new sign in window will open. Enter your blackboard **username** and **password** and click **sign in**. *Please note: You will not be able to sign in using your student email address.*

Choose video or audio files	

3. Once you select the video or audio file, the upload process will begin. A progress bar will display. *Please note: videos can take a substantial amount of time to upload from your device. The amount of times depends on the length of the video and your connection. When possible, use a WIFI connection instead of the personal data on your device.*
