The information contained in this booklet will not in any way diminish current benefit levels in effect as of the date of printing.

The information in this booklet is important to you and should be kept in a safe place. It describes all group insurance benefits available to you (both mandatory and voluntary), explains your entitlements and various administrative issues relating to the Group Insurance Benefit Program. It is important to note that this booklet is only a summary of your group contract. It is not a legal document. If there are any discrepancies between the group contract and the information in this booklet, the group contract will take priority and the Insurance Company will follow the group contract when making a decision to pay a claim.

Benefits described in the booklet are applicable only if you and your Dependent(s) are insured according to the records maintained for the group contract. If you have any questions about the information in this employee benefits booklet, or if you need additional information about your group benefits, please contact your College's Benefits Administrator or Local Union Representative.

In the event you are absent on that date, you will qualify on the day you return to 'active work full-time'. For Critical Illness coverage, refer to Section 16.

If you are absent on that date, you will qualify on the date you return to active work full-time (See Section 3 “Definitions”).

Section 6 - Enrolment

Enrolment Form

You will be required to complete and sign a detailed enrolment form which collects the necessary information about yourself and your Dependent(s) (if applicable) in order for the College to administer the Group Insurance Benefit Program, and for Sun Life to adjudicate and process claims. It is important that you read this form, fully answer the questions, sign and date the form where required and return it to your Benefits Administrator no later than 31 days after you become eligible for the coverage.

This enrolment form also contains information relating to the completion date of your waiting period and the effective date of your mandatory and optional benefits.

You will be enrolled in the mandatory and optional benefits following completion of the appropriate waiting periods.

Your Certificate Number

Your College will assign you a certificate number that will be used to set up your benefit information and which you can use to generate an identification card on line in the event you need to produce proof that you have benefit coverage. This certificate number will be a unique number and will contain a code to identify your employee group, your College and your file. This is necessary in order for Sun Life to process your claims and for you to access your claims information from Sun Life.

Confidentiality

Your privacy is respected and the information collected is held by the Colleges and Sun Life in the strictest confidence. At Sun Life Financial, access to your personal information is restricted to the persons outlined in the *Respecting Your Privacy* clause at the end of this booklet.

Section 7 - Changing Benefit Coverage

Changes affecting your coverage

Changes in employment and personal status may affect your benefit coverage. It is important for you to contact your Benefits Administrator to discuss your benefit coverage prior to the effective date of an employment status change or within 31 days following a personal status change.

Benefit coverage during leaves of absence, illness, etc.

There is provision in your group contract for you to continue benefit coverage when you are not actively at work, provided certain criteria are met. This means that if you are absent from work on an employer-approved personal leave of absence with pay, personal leave of absence without pay, maternity/parental leave, professional development leave, illness or disability, benefits can be continued.

If you are absent on a leave of absence without pay the maximum period of time you may continue to participate in the benefit plans is 24 consecutive months.

You may change your Extended Health, Vision, Hearing, and Dental Care coverage from single to family or vice-versa under the following special circumstances:

- if there is a change in your marital status.
- if you gain or lose a dependent.

To change your coverage, you must notify the Human Resources Department within 31 days of when the change takes place.

To determine when a spouse/partner will cease to qualify as a Dependent please see Section 3, Definitions "Spouse/Partner."

To add or increase Life Insurance coverage

In the event you wish to add, or change the amount of your Optional Life Insurance, or obtain Life Insurance for a newly acquired Dependent, you may do so without a medical examination or other evidence of insurability provided you are actively at work and you apply for the Life Insurance coverage for you or your Dependent within 31 days of the following:

- the date of your marital status change
- the date you acquire a Dependent or an additional Dependent.

Proof of good health

To increase your Life Insurance or obtain Dependent Life Insurance at any time other than referenced above you will be required to submit proof of good health via a Health Questionnaire Form obtained from the College's Benefits Administrator.

If coverage previously declined

In the event you have previously applied for and been declined for additional Life Insurance coverage, the 31 days provision referenced above is not applicable. You may continue to submit proof of good health to Sun Life annually. However, depending on your individual situation, you may never be eligible for this coverage.

Effective date of coverage

- if proof of good health is required, the change cannot take effect until Sun Life approves your application.
- if you are not actively working full-time when the change occurs or when Sun Life approves proof of good health, the change cannot take effect before you return to active full-time work.
- if a Dependent, other than a newborn child, is hospitalized on the date when the change occurs, the change in the Dependent's coverage cannot take effect before the Dependent is discharged from hospital.

The eligible survivor will be requested to provide the following information in order to ensure claims are paid appropriately and delays in processing the payments are avoided.

- their date of birth.
- proof that they are in receipt of a lifetime monthly survivor pension from the CAAT Pension Plan.

Section 10 - Extended Health Care (Medicare Supplement)

**General description
of the coverage**

The **Extended Health Care Plan** pays for eligible services or supplies that are medically necessary for the treatment of an illness and supplements your provincial hospital and medical insurance plans (e.g. OHIP). However, there are additional eligibility requirements that apply to drugs (see *Prior authorization program* for details). *Medically necessary* means generally recognized by the Canadian medical profession as effective, appropriate and required in the treatment of an illness in accordance with Canadian medical standards. Any amount payable under the Extended Health Care Plan is subject to the coinsurance and the list of eligible expenses. The Ontario Health Insurance Act prohibits duplication of coverage of the provincial medical and hospital plans. To qualify for this coverage under this plan, you must be a Canadian resident and entitled to coverage under OHIP or another Medicare plan equivalent to OHIP from another Canadian province, territory or Canadian federal government plan.

In some instances, where permitted by law, expenses covered under this Extended Health Care plan are integrated with certain provincial medicare programs such as the Ontario Assistive Devices Program (ADP) and the Ontario Drug Benefit Plan (ODB). Please refer to the end of this section for a brief description of these programs.

Who is covered?

All full-time Support Staff employees who have completed the waiting period are covered by the Extended Health Care Plan which includes semi-private hospital accommodation.

Waiting Period

One month of continuous full-time employment. The coverage begins on the day following the completion of your waiting period provided you are actively at work on that day. Otherwise the insurance becomes effective when you return to work.

Note: Since there are specific plan years for Vision and Hearing Care, the details of which are referred to later in this booklet, it is recommended that prior to making a purchase for vision and/or hearing care, you should contact Sun Life to ensure that you are eligible to claim the purchase.

- eligible prescription drugs.

Payment after coverage ends

If your Extended Health Care Insurance terminates while you are totally disabled, treatment of the disabling condition will be covered, while your total disability continues, as if your insurance under the Plan had continued in force for an additional 6 months.

Coverage under more than one plan

If you are covered for Extended Health Care under another plan, your benefits will be co-ordinated with the other plan following insurance industry standards. Please refer to the 'Submission of Claim' section of this booklet for instructions.

**Hospital expenses in Canada

The Plan will cover 100% of the following costs:

- the difference between the cost of a ward and semi-private hospital accommodation when confined to a hospital in Canada (includes all provinces and territories in Canada).
- hospital out-patient services provided in Canada, except for any services explicitly excluded under this benefit.

Prescription Drugs and Vaccines

Please note that doctors occasionally prescribe drugs which may be readily available over the counter or vaccines that do not require a prescription by law. These drugs and/or vaccines are not covered by the Plan, except as otherwise indicated below under eligible expenses. Ask your pharmacist about the category of the drug you have been prescribed when you get your prescription filled. For further information or to confirm coverage you may contact Sun Life's call centre at 1-800-361-6212 or 416-753-4300 or by e-mail at

askus@sunlife.ca (must have your contract and certificate number available).

***Reimbursement

***Prior authorization
program effective
February 1, 2020***

The prior authorization (PA) program applies to a limited number of drugs and, as its name suggests, prior approval is required for coverage under the program. If you submit a claim for a drug included in the PA program and you have not been pre-approved, your claim will be declined.

In order for drugs in the PA program to be covered, you need to provide medical information. Please use our PA form to submit this information. Both you and your doctor need to complete parts of the form.

You will be eligible for coverage for these drugs if the information you and your doctor provide meets our clinical criteria based on factors such as:

- Health Canada Product Monograph.
- recognized clinical guidelines.
- comparative analysis of the drug cost and its clinical effectiveness.
- recommendations by health technology assessment organizations and provinces.
- your response to preferred drug therapy.

If not, your claim will be declined.

Our prior authorization forms are available from the following sources:

- our website at www.mysunlife.ca/priorauthorization
- our Customer Care centre by calling toll-free 1-800-361-6212

***Other health
professionals allowed to
prescribe drugs***

The Plan reimburses certain drugs prescribed by other qualified health professionals the same way as if the drugs were prescribed by a doctor or a dentist if the applicable provincial legislation permits them to prescribe those drugs.

***Medical services

The Extended Health Care Plan will cover 85% of the costs for the medical services listed below when ordered by a doctor (the services of a licensed dentist do not require a doctor's order).

The Extended Health Care plan will pay a maximum of what would have been payable for a local land ambulance trip.

For example, manual wheelchairs are normally considered sufficient to meet basic medical needs, except if the person's medical condition warrants the use of an electric wheelchair.

Coordination with government programs	This plan will integrate with benefits payable or available under the government-sponsored plan or program (the <i>government program</i>). The covered expense under this plan is that portion of the expense that is not payable or available under the government program, regardless of: ▪ whether you have made an application to the government program, ▪ whether coverage under this plan affects your eligibility or entitlement to any benefits under the government program, or

- any waiting lists.

Vision Care

To correct vision impairment, the Plan will cover the cost of contact lenses, laser eye correction surgery or eyeglasses-lenses and frames including tinting, sunglasses, safety glasses and their replacement, as long as they are prescribed in writing by an ophthalmologist or a licensed optometrist and are obtained from an ophthalmologist, licensed optometrist or qualified optician.

Coverage under more than one plan

If you are covered for Vision and Hearing Care under another plan, your benefits will be co-ordinated with the other plan following insurance industry standards. Please refer to the 'Submission of Claims' section of this booklet for instructions.

Your coordination with Government Plans

Details of current coverage under the government medicare plans can be found on the website of the Ontario Ministry of Health and Long Term Care at www.health.gov.on.ca. The following provides a brief description of some of the services that are integrated with your Extended Health Care coverage.

Assistive Devices Program (ADP): This program is operated by the Ontario Ministry of Health. It assists Ontario residents covered by the Ontario Health Insurance Plan who have a long term physical disability (ask your doctor for details). The program covers a number of items such as hearing aids, orthotic devices, ostomy supplies, prosthetic devices (such as breast prostheses), insulin pump and supplies, etc. As coverage can change from time to time, please refer to the Ontario Ministry of Health and Long Term Care website for details.

Home Oxygen Program (HOP): This program covers oxygen and oxygen delivery equipment such as concentrators, liquid systems, masks, tubing, etc. Contact the Operational Support Branch of the Ontario Ministry of Health and Long Term Care for details.

Ontario Drug Benefit Plan (ODB): You and/or your spouse are eligible for the prescription drug benefit on the first day of the month following the attainment of age 65.

Moving Out of Province

If you move from one province to another province or territory it is important that you register for the provincial medicare plan in your new province as soon as possible (90 days or whatever is indicated by the province you are moving to) so that you do not jeopardize your Group Insurance benefits coverage. You are not eligible for Extended Health Care coverage under this plan if you do not have provincial medicare coverage.

Section 11 - Expenses Out-of-Province and Your Extended Health Care Plan

Expenses out of your province

The Plan will cover emergency services while you are outside the province where you live. The Plan also covers referred services.

For both emergency services and referred services, the Plan will cover the cost of:

- a semi-private hospital room.
- other hospital services provided outside of Canada.
- out-patient services in a hospital.
- the services of a doctor.

Expenses for all other services or supplies eligible under this plan are also covered when they are incurred outside the province where you live, subject to the reimbursement level and all conditions applicable to those expenses.

Emergency services

The Plan will pay 100% of the cost of covered emergency services.

The Plan will only cover emergency services obtained within 60 days of the date you leave the province where you live. If hospitalization occurs within this period, in-patient services are covered until the date you are discharged.

Emergency services mean any reasonable medical services or supplies, including advice, treatment, medical procedures or surgery, required as a result of an emergency. When a person has a chronic condition, emergency services do not include treatment provided as part of an established management program that existed prior to the person leaving the province where the person lives.

Emergency means an acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a doctor.

At the time of an emergency, you or someone with you must contact Sun Life's Emergency Travel Assistance provider, AZGA Service Canada Inc. (*Allianz Global Assistance*). All invasive and investigative procedures (including any surgery, angiogram, MRI, PET scan, CAT

scan), must be pre-authorized by Allianz Global Assistance prior to being performed, except in extreme circumstances where surgery is performed on an emergency basis immediately following admission to a hospital.

If contact with Allianz Global Assistance cannot be made before services are provided, contact with Allianz Global Assistance must be made as soon as possible afterwards. If contact is not made and emergency services are provided in circumstances where contact could reasonably have been made, then Sun Life has the right to deny or limit payments for all expenses related to that emergency.

An emergency ends when you are medically stable to return to the province where you live.

***Emergency services
excluded from coverage***

Any expenses related to the following emergency services are not covered:

- services that are not immediately required or which could reasonably be delayed until you return to the province where you live, unless your medical condition reasonably prevents you from returning to that province prior to receiving the medical services.
- services relating to an illness or injury which caused the emergency, after such emergency ends.
- continuing services, arising directly or indirectly out of the original emergency or any recurrence of it, after the date that Sun Life or Allianz Global Assistance, based on available medical evidence, determines that you can be returned to the province where you live, and you refuse to return.
- services which are required for the same illness or injury for which you received emergency services, including any complications arising out of that illness or injury, if you had unreasonably refused or neglected to receive the recommended medical services.
- where the trip was taken to obtain medical services for an illness or injury, services related to that illness or injury, including any complications or any emergency arising directly or indirectly out of that illness or injury.

Referred services

Referred services must be for the treatment of an illness and ordered in writing by a doctor located in the province where you live. The Plan will pay 80% of the costs of referred services. Your provincial medicare plan must agree in writing to pay benefits for the referred services.

All referred services must be:

- obtained in Canada, if available, regardless of any waiting lists, and
- covered by the medicare plan in the province where you live.

However, if referred services are not available in Canada, they may be obtained outside of Canada.

Emergency services outside Canada

Expenses incurred for emergency services outside Canada are subject to a lifetime maximum of \$2,000,000 per person or, if lower, any other applicable lifetime maximum.

Emergency Travel Assistance

In this section, *you* means the employee and all dependents covered for Emergency Travel Assistance benefits.

General description of the coverage

If you are faced with a medical emergency when travelling outside of the province where you live, AZGA Service Canada Inc. (*Allianz Global Assistance*) can help. (Information regarding Allianz Global Assist can be found on the Sun Life Financial Plan Member Services website at www.mysunlife.ca)

Emergency means an acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a doctor.

This benefit, called **Medi-Passport**, supplements the emergency portion of your Extended Health Care coverage. It only covers emergency services that you obtain within 60 days of leaving the province where you live. If hospitalization occurs within this time period, in-patient services are covered until you are discharged.

The Medi-Passport coverage is subject to any maximum applicable to the emergency portion of the Extended Health Care benefit. The emergency services excluded from coverage, and all other conditions, limitations and exclusions applicable to your Extended Health Care coverage also apply to Medi-Passport.

We recommend that you bring your Travel card with you when you travel. It contains telephone numbers and the information needed to

confirm your coverage and receive assistance.

Getting help

At the time of an emergency, you or someone with you must contact Allianz Global Assistance. If contact with Allianz Global Assistance cannot be made before services are provided, contact with Allianz Global Assistance must be made as soon as possible afterwards. If contact is not made and emergency services are provided in circumstances where contact could reasonably have been made, then Sun Life has the right to deny or limit payments for all expenses related to that emergency.

Access to a fully staffed coordination centre is available 24 hours a day. Please consult the telephone numbers on the Travel card.

Allianz Global Assistance may arrange for:

On the spot medical assistance

Allianz Global Assistance will provide referrals to physicians, pharmacists and medical facilities.

As soon as Allianz Global Assistance is notified that you have a medical emergency, its staff, or a physician designated by Allianz Global Assistance, will, when necessary, attempt to establish communications with the attending medical personnel to obtain an understanding of the situation and to monitor your condition. If necessary, Allianz Global Assistance will also guarantee or advance payment of the expenses incurred to the provider of the medical service.

Allianz Global Assistance will provide translation services in any major language that may be needed to communicate with local medical personnel.

Allianz Global Assistance will transmit an urgent message from you to your home, business or other location. Allianz Global Assistance will keep messages to be picked up in its offices for up to 15 days.

Transportation home or to a different medical facility

Allianz Global Assistance may determine, in consultation with an attending physician, that it is necessary for you to be transported under medical supervision to a different hospital or treatment facility or to be sent home.

In these cases, Allianz Global Assistance will arrange, guarantee, and if necessary, advance the payment for your transportation.

Sun Life or Allianz Global Assistance, based on available medical evidence, will make the final decision whether you should be moved,

when, how and to where you should be moved and what medical equipment, supplies and personnel are needed.

Meals and accommodations expenses

If your return trip is delayed or interrupted due to a medical emergency or the death of a person you are travelling with who is also covered by this benefit, Allianz Global Assistance will arrange for your meals and accommodations at a commercial establishment. We will pay a maximum of \$150 a day for each person for up to 7 days.

Allianz Global Assistance will arrange for meals and accommodations at a commercial establishment, if you have been hospitalized due to a medical emergency while away from the province where you live and have been released, but, in the opinion of Allianz Global Assistance, are not yet able to travel. We will pay a maximum of \$150 a day for up to 5 days.

Travel expenses home if stranded

Allianz Global Assistance will arrange and, if necessary, advance funds for transportation to the province where you live:

- for you, if due to a medical emergency, you have lost the use of a ticket home because you or a dependent had to be hospitalized as an in-patient, transported to a medical facility or repatriated; or
- for a child who is under the age of 16, or mentally or physically handicapped, and left unattended while travelling with you when you are hospitalized outside the province where you live, due to a medical emergency.

If necessary, in the case of such a child, Allianz Global Assistance will also make arrangements and advance funds for a qualified attendant to accompany them home. The attendant is subject to the approval of you or a member of your family.

We will pay a maximum of the cost of the transportation minus any redeemable portion of the original ticket.

Travel expenses of family members

Allianz Global Assistance will arrange and, if necessary, advance funds for one round-trip economy class ticket for a member of your immediate family to travel from their home to the place where you are hospitalized if you are hospitalized for more than 7 consecutive days, and:

- you are travelling alone, or
- you are travelling only with a child who is under the age of 16 or mentally or physically handicapped.

We will pay a maximum of \$150 a day for the family member's meals and accommodations at a commercial establishment up to a maximum of 7 days.

Repatriation

If you die while out of the province where you live, Allianz Global Assistance will arrange for all necessary government authorizations and for the return of your remains, in a container approved for transportation, to the province where you live. We will pay a maximum of \$5,000 per return.

Vehicle return

Allianz Global Assistance will arrange and, if necessary, advance funds up to \$500 for the return of a private vehicle to the province where you live or a rental vehicle to the nearest appropriate rental agency if death or a medical emergency prevents you from returning the vehicle.

Lost luggage or documents

If your luggage or travel documents become lost or stolen while you are travelling outside of the province where you live, Allianz Global Assistance will attempt to assist you by contacting the appropriate authorities and by providing directions for the replacement of the luggage or documents.

Coordination of coverage

You do not have to send claims for doctors' or hospital fees to your provincial medicare plan first. This way you receive your refund faster. Sun Life and Allianz Global Assistance coordinate the whole process with most provincial plans and all insurers, and send you a cheque for the eligible expenses. Allianz Global Assistance will ask you to sign a form authorizing them to act on your behalf.

If you are covered under this group plan and certain other plans, we will coordinate payments with the other plans in accordance with guidelines adopted by the Canadian Life and Health Insurance Association.

The plan from which you make the first claim will be responsible for managing and assessing the claim. It has the right to recover from the other plans the expenses that exceed its share.

Limits on advances

Advances will not be made for requests of less than \$200. Requests in excess of \$200 will be made in full up to a maximum of \$10,000.

The maximum amount advanced will not exceed \$10,000 per person per trip unless this limit will compromise your medical care.

Reimbursement of expenses

If, after obtaining confirmation from Allianz Global Assistance that you are covered and a medical emergency exists, you pay for services or supplies that were eligible for advances, Sun Life will reimburse you.

To receive reimbursement, you must provide Sun Life with proof of the expenses within 30 days of returning to the province where you live. Your employer can provide you with the appropriate claim form.

Your responsibility for advances

You will have to reimburse Sun Life for any of the following amounts advanced by Allianz Global Assistance:

- any amounts which are or will be reimbursed to you by your provincial medicare plan.
- that portion of any amount which exceeds the maximum amount of your coverage under this plan.
- amounts paid for services or supplies not covered by this plan.
- amounts which are your responsibility, such as deductibles and the percentage of expenses payable by you.

Sun Life will bill you for any outstanding amounts. Payment will be due when the bill is received. You can choose to repay Sun Life over a 6 month period, with interest at an interest rate established by Sun Life from time to time. Interest rates may change over the 6 month period.

Limits on Emergency Travel Assistance coverage

There are countries where Allianz Global Assistance is not currently available for various reasons. For the latest information, please call Allianz Global Assistance before your departure.

Allianz Global Assistance reserves the right to suspend, curtail or limit its services in any area, without prior notice, because of:

- a rebellion, riot, military up-rising, war, labour disturbance, strike, nuclear accident or an act of God.
- the refusal of authorities in the country to permit Allianz Global Assistance to fully provide service to the best of its ability during any such occurrence.

Liability of Sun Life or Allianz Global Assistance

Neither Sun Life nor Allianz Global Assistance will be liable for the negligence or other wrongful acts or omissions of any physician or other health care professional providing direct services covered under this group plan.

*How do I file a
predetermination?*

This can be done by your Dentist directly via electronic submission or if necessary:

- you can obtain a claim form from your Human Resources Department.
- ask your Dentist to complete the appropriate sections of the form.
- you complete your sections of the form, sign it and forward it to Sun Life.

Sun Life will advise you, taking into account possible alternate procedures or course of treatment based on accepted dental practice, how much of the planned treatment is covered by the Plan and how much of the cost you will be responsible for before the work is done.

Laboratory Fees

- Certain procedures will usually involve the cost of a commercial laboratory and when appropriate, a reasonable and customary laboratory fee will be reimbursed subject to the same overall maximums. Please note that predetermination cannot take laboratory fees into account but the appropriate payment will be included at the time of claim.

The only circumstance in which benefits will be considered for an ineligible procedure is when your Dentist advises, in writing, that it is both less expensive and better for you than an eligible procedure which could be done.

**Coverage under
more than one plan**

If you are covered for Dental Care under another plan, your benefits will be co-ordinated with the other plan following insurance industry standards. These standards determine where you should send a claim first. Please refer to the 'Submissions of Claims' section of this booklet for instructions.

What is not covered	The Plan will not pay for: ▪ services or supplies payable or available (regardless of any waiting list) under any government-sponsored plan or program unless explicitly listed as covered under this benefit. ▪ services or supplies that are not usually provided to treat a dental problem, including experimental treatments. ▪ any portion of the charge over the usual, customary and reasonable charge of the least expensive alternate service or material consistent with adequate dental services when such alternate service or material is customarily provided. ▪ procedures performed primarily to improve appearance. ▪ the replacement of dental appliances that are lost, misplaced or stolen. ▪ charges for appointments that you do not keep. ▪ charges for completing claim forms. ▪ expenses related to services or supplies of the type normally intended for home or sport use except mouthguards. Dental expenses resulting from: ▪ the hostile action of any armed forces, insurrection or participation in a riot or civil commotion. ▪ participation in a criminal offence. ▪ any cause for which compensation is available under the Workplace Safety and Insurance Act, Criminal Injuries Compensation Act or similar legislation.
Payments after coverage ends	If your coverage terminates, you will still be covered for procedures to repair natural teeth damaged by an accidental blow if: ▪ the accident occurred while the person was still covered, and ▪ the procedure is performed within 6 months after the date of the accident.
Expenses Outside of Province/Canada	Expenses incurred for emergency dental care outside of Province/Canada will qualify as eligible expenses to the extent that they represent the usual, customary and reasonable charges for dental care in the locality where the dental care is performed, provided an expense for such dental care would qualify as an eligible expense in the Province of Ontario. For expenses incurred for dental care performed outside Canada on other than an emergency basis, the benefit provided under this contract will be the usual, customary and reasonable charges for dental care in the locality where the dental care is performed but not exceeding the level of eligible expenses for the Province of Ontario.

Section 13 - Short Term Disability Plan (STD)

General description of the coverage

The Colleges have full legal, financial and administrative responsibility for this benefit. Questions or inquiries in regard to this benefit must be directed to your College Benefits Administrator.

If you are hired as a full-time employee on or after September 1, 2005, you are eligible for benefits under the Short Term Disability Plan (STD) from the first day of work with the College.

The STD will provide benefits for the first 130 working days you are absent due to an illness or disability in a "plan year".

The first ten (10) working days in the "plan year" will be paid at 100% of your regular base earnings with the remainder of the 130 working days paid at 75% of your regular base earnings. Employees in their first year of employment will have their ten (10) days entitlement prorated in proportion to the amount of the year that they work.

The "plan year" begins on September 1 of each year.

If you recover from one absence due to illness or disability but are again absent due to illness or disability during the plan year, STD benefits will recommence from the point at which they were discontinued.

Full STD benefits are normally reinstated on the first working day of each new plan year, provided you are actively at work full-time on that day and you are not absent again for the same or related cause for which benefits were paid under the previous year's entitlement. If you are absent on that day, the following procedures will apply:

- (1) (a) Full STD benefits will be reinstated following one month of return to your regular hours of work provided you are not again absent due to the same illness or disability.
- (b) If you are absent due to the same illness or disability, you may only use the balance of benefits from the previous plan year.

- (2) If you return to your regular hours of work and are absent due to illness or disability during the first 30 calendar days following your return due to a different illness or disability, full benefits will be reinstated at the end of that period. However, this absence may be covered by any balance of credits from the previous plan year, as indicated below.

Short Term Disability payments will be reduced by other disability payments being received such as from the Canada Pension Plan or the Workplace Safety Insurance Board.

ACCUMULATION OF UNUSED STD DAYS

Any of the ten (10) days paid at 100% that are unused at the end of the plan year will be carried forward to the next plan year to be used in future years. Unused days can only be carried forward to a maximum accumulation of 120 working days and may only be used for the STD benefit.

This extends the number of days you receive 100% of your regular base earnings from ten (10) working days by the number of unused STD days that have been "banked" to a maximum of 130 working days. Once these days have been used, the remainder of the 130 working days allowed in a plan year will be paid at 75% of your regular base earnings.

Upon retirement, layoff or termination of employment, unused days banked in your name shall be cancelled and shall be of no effect.

After you have used the 130 working days of STD benefits, which are available in one plan year (together with any extensions available, if any, pursuant to the "Accumulative Sick Leave Credits" specified below), benefits may be provided under the Long Term Disability Insurance Plan, underwritten by Sun Life Assurance Company of Canada.

The full cost of all Short Term Disability benefits is paid by the College.

ACCUMULATIVE SICK LEAVE CREDITS PRIOR TO SEPTEMBER 1, 1973 AND NOT APPLICABLE TO SUPPORT STAFF HIRED AFTER SEPTEMBER 1, 1973

Your accumulative sick leave credits prior to September 1, 1973 will

be maintained. However, there will be no further accruals or transfer-in of accumulative sick leave after September 1, 1973. Existing accruals will be frozen and used to supplement the STD Plan. One-quarter of a credit from the accrual will be used to supplement each day under the STD plan from 75% to 100% of earnings.

If, at the end of the 130 working days STD period there are any unused credits in the sick leave accrual, you will continue to draw sick leave on a per day basis at 100% of earnings level until these credits are exhausted. The commencement of Long Term Disability benefits, will be deferred until all sick leave entitlements have been paid.

Any vesting provisions that may have been established or agreed to by the College applicable to past sick leave credits recognized at the commencement of employment will continue to apply to any such unused credits remaining in the accrual, in accordance with the conditions and provisions established by the College at the commencement of employment. The vesting provisions established by the College applicable to current sick leave credits accrued while employed by the College will apply to any such unused credit remaining in the accrual. The dollar amount of any cash benefit to be paid in accordance with the relevant conditions established by the College will be based on salary at December 31, 1977 or in the case of some former public servants retiring prior to December 31, 1977, the date of retirement. The gratuity is calculated in accordance with the following formula:

$$\frac{\text{No. of days of credit}}{2} \times \frac{\text{Salary at December 31, 1977}}{261}$$

The cash benefit payable following an employee's death will be determined in the same manner as for a retirement.

Vesting provisions distinguish between sick leave credits earned before and after joining the College, and therefore the accrual will be determined on a first-in first-out basis. (Viz: The transferred credits are used before College credits are drawn upon).

Since these benefits relate to the old cumulative Sick Leave Plan, they will be paid by the College.

Section 14 - Long Term Disability Income Plan (LTD)

General description of the coverage

As a full-time Support employee you have Long-Term Disability coverage, which provides a benefit to you if you become 'totally disabled' for an amount equal to 66 2/3% of your regular earnings. Employees receiving disability payments under the Plan up to September 1, 1974, shall continue to receive benefits under the original Plan providing for benefits of sixty per cent (60%) of regular earnings so long as such disability continues and subject to the provisions of the original Plan.

If you become totally disabled while insured, Sun Life will pay, subject to Limitations and Exclusions, a Long Term Disability Benefit for each month you remain totally disabled after completion of the elimination period until you cease to be totally disabled or the last day of the month in which you attain age 65. You qualify for this benefit if you provide proof of claim acceptable to Sun Life that:

- you became totally disabled while covered, and
- you are under the regular care of a doctor.

If the group contract is cancelled for any reason while you are receiving the Long Term Disability Benefit, payments will continue in accordance with the terms of the group contract.

What is meant by Totally Disabled

You are considered totally disabled if, because of bodily injury, sickness or disease:

- you can perform none of the duties relating to your regular work during the elimination period and subsequently for a period up to but not exceeding 24 months, and
- afterwards, you will be considered totally disabled if you are wholly and continuously prevented from engaging in any occupation or employment for wage or profit for which you are reasonably qualified by education, training or experience.

LTD Benefits and Taxation

Because the College pays 75% of the premium for this coverage, the benefits are taxable to you on receipt.

Elimination period

To be eligible for Long Term Disability Benefits, you must have completed the waiting period for benefit coverage and have been 'totally disabled' for the elimination period specified in your plan.

When disability payments begin

The elimination period is the amount of time during which you must have been unable to work due to your incapacity. This is normally the period of time when you would have received Short Term Disability or Cumulative Sick Leave Credit payments from the College.

Your Long Term Disability payments begin after you have completed the elimination period. The elimination period is the period commencing when you became totally disabled and ending on the later of:

- the completion of 130 working days (including statutory and college holidays) of absence due to illness in the past 12 months, or
- the expiration of Short Term Disability and Sick Leave Credits.

Payment of Long Term Disability benefits is not automatic. You must submit an LTD claim. In addition, you may also be eligible for Canada Pension Plan disability benefits and you are advised to contact the nearest Income Security Program office, Human Resources Development Canada (HRDC).

Eligibility for coverage

The waiting period is the period from the date of your full-time employment up to and including the last day of the third month of employment. Coverage begins on the day following the completion of the waiting period, provided you are actively at work on that day. Otherwise the insurance becomes effective when you return to work.

Coverage ends

Your coverage will end on the earliest of the following dates:

- the end of the month in which your employment terminates.
- the date you attain age 64 and 6 months.
- the end of the period for which the premium is paid for your insurance.
- the date your group contract is no longer in force.
- the date you die.

If you become totally disabled during an approved leave and have elected to continue your coverage during the leave period you will be eligible for benefit payments following your scheduled return to full-time work with your College. You must have been totally disabled for the elimination period and still be totally disabled on the date you are scheduled to return to full-time work with your College.

Ceasing to be actively at work does not, by itself, mean that you are totally disabled.

Proof of disability

Once the claim is approved, proof of your continuing disability will be

required from time to time depending on the medical evidence previously supplied by your doctor. Sun Life will send the appropriate documents when this information is required. The information requested will be used to determine your eligibility for the continuance of benefits and should be obtained and returned to Sun Life promptly (usually within 90 days) in order to avoid unnecessary interruptions or delays in your benefit payments.

In the event you no longer qualify as totally disabled, Sun Life will notify the College Benefits Administrator who is responsible for notifying you.

Medical examination At the time your application is made for Long Term Disability benefits, medical information must be included. In the event that Sun Life is unable to render a decision on the claim based on the medical information provided, Sun Life may arrange for you to have an Independent Medical Examination (IME), at their expense.

Your cooperation in complying with Sun Life's request for an IME is very important because without the appropriate medical information Sun Life cannot approve the claim and benefits cannot be paid. An IME may also be required as proof of continuing disability.

**How will my
benefits be
determined?**

You will receive 66 2/3% of your Monthly Basic Earnings reduced by income from all other sources. All references to income in this disability provision are to the gross amounts before any deductions.

**Monthly Basic
Earnings**

Monthly Basic Earnings are your regular earnings on the date of commencement of your elimination period.

Income Tax

The amount payable by Sun Life is subject to income tax.

Income from other sources

The following is 'Income From Other Sources' and will be subtracted from your LTD benefits:

- any continuation of salary from any employer in respect of employment prior to the date of commencement of the elimination period.
- any indemnity provided under any group insurance or group pre-payment plan.
- any amount of income provided under any retirement or pension plan of the Employer.
- any indemnity from any government operated or sponsored plan such as the Workplace Safety and Insurance Act, Canada Pension Plan and Quebec Pension Plan.
- any amount of income provided for you by reason of your disability under the legislation of any government or emanation thereof.
- under a motor vehicle insurance plan which provides disability benefits to the extent that the law does not prohibit such a deduction.

Please note:

you have a responsibility to ensure that you are receiving the proper benefit payment and that any offsets have been applied appropriately.

Not included in 'Income from Other Sources' are the following:

- any increase in income arising from the Quebec Pension Plan or the Canada Pension Plan because of an upward adjustment in the cost of living index (occurring either during the elimination period or while you are receiving a Monthly Indemnity Benefit).
- payments from Employment Insurance.
- payments from any Personal Life or Personal Disability policies.
- any amount of income provided for your Dependent(s) by reason of your disability under the legislation of any government or emanation thereof.

How will I receive my benefits?

The Long Term Disability Plan pays in advance. This means that your first benefit payment is due the first day after completion of the elimination period indicated on the application form submitted by the College. Subsequent payments are made on the first day of each month that you continue to qualify for benefits under the terms of the group contract.

You will be given the option of receiving your benefit payments by either cheque or electronic funds transfer directly into your bank account.

To ensure the accuracy of your disability benefit payments, you must advise your College Benefits Administrator immediately if:

- your medical condition changes.
- you begin to receive any other income (i.e., Canada Pension Disability Benefits, or you return to work, either full-time or part-time).

Your College Benefits Administrator is also responsible for informing Sun Life if you return to work.

Rehabilitation Program

The College has the obligation under the Human Rights Code to provide 'reasonable accommodation' for disabled employees. This may involve modifications to the job or your workplace. If there is potential for rehabilitation, you will be contacted by either your College Benefits Administrator or a Sun Life Counsellor.

Where there is the possibility of rehabilitation in order to return to work, you, your physician, the College or Sun Life may initiate the process.

Successful rehabilitation is a team effort and includes participation from the College, your Local Union representative, your attending doctor, Sun Life and you.

Rehabilitation Benefits

During your rehabilitation program, you may receive your Long Term Disability payments plus income from other sources, however, your Long Term Disability benefits will be offset by 50% of your rehabilitative earnings.

If, during any month your total income is more than 100% of your pre-disability basic earnings, indexed for inflation, (less provincial and federal income taxes), your Long Term Disability payments will be reduced by the excess.

Recurrence of disability

If you have been receiving Long Term Disability payments and recover, but the same (or related) total disability recurs, you need not complete another elimination period unless you have been back at work on full-time for at least 6 months.

If you have a chronic disease or illness and suffer a relapse after the end of the period referred to above, Sun Life may, at its sole discretion, accept a subsequent claim as a continuation of the previous one at the same level of benefits and without applying a new elimination period.

Any such acceptance will be based on a consideration by Sun Life of

the circumstances involved and will only be done if the group contract is in force at the time a request for such consideration is made. The benefits you receive will be based on the same benefit level as on the original date of total disability.

How will my Group Insurance benefits be affected?

Your Life Insurance, Extended Health Care (including Vision and Hearing Care), Dental Care and Critical Illness Insurance remain in force during the time you receive Long Term Disability benefits provided that you were subscribing to such benefits on the date your Long Term Disability payments commenced.

Who pays the premiums?

If you are receiving Long Term Disability payments and provided you were enrolled in the benefits on the date your Long Term Disability payments began, the College shall pay one hundred per cent (100%) of the premiums payable for Extended Health Care, Vision Care, Hearing Care and Dental Care on your behalf. You are responsible for paying the premiums for Critical Illness Insurance.

Your Life Insurance will be continued as long as you are in receipt of Long Term Disability benefits without the payment of premiums.

Waiver of LTD Premiums

No contributions for Long Term Disability will be required during any period you are receiving monthly benefits.

Your responsibilities

During your total disability, you are expected to make reasonable efforts to:

- keep the College and Sun Life informed about the status of your disability on a regular basis.
- recover from your disability, including participating in any reasonable treatment or rehabilitation program and accepting any reasonable offer of modified duties from your College.
- return to your own occupation during the first 24 months that benefits are payable.
- obtain training in order to qualify for another occupation if it becomes apparent that you will not be able to return to your own occupation within the first 24 months that benefits are payable.
- try to obtain work in another occupation after the first 24 months that benefits are payable.
- obtain benefits that may be available from other sources.

When payments end

Your Long Term Disability payments end on the earliest of the following dates:

- the date you are no longer meet the definition of Totally Disabled.
- the last day of the month in which you reach age 65.
- the last day of the month in which you die.

Return to Work

Where you are eligible to receive Long Term Disability benefits and you are medically capable of returning to your former position within 24 months of being eligible to receive benefits, you shall be assigned, within a reasonable period of time, to:

- your former position
- a comparable classification in the same payband to your former position provided you are capable of performing the job and such a position exists.

When you work less than the normal hours of work assigned to the position to which you have returned, your salary, Short Term Disability payments (if entitled) and vacation pay shall be pro-rated accordingly.

You shall not be required to work within 24 months of being eligible to receive Long Term Disability benefits unless you are medically capable of performing the duties of your former position.

Research has indicated that the most successful outcome of a return-to-work program is achieved when the rehabilitation program is engaged as soon as possible after commencement of disability.

If you have any questions pertaining to return to work, please feel free to contact your College Benefits Administrator, Local Union Representative or Sun Life.

**Non-Payment of
Long Term Disability
Limitations**

In accordance with the group contract, Sun Life will not pay Long Term Disability benefits for any period that:

- you are not under the regular care of a doctor and receiving appropriate treatment.
- a period during which you engage in any employment or occupation for wage or profit (other than in a Rehabilitation Program) except as approved by Sun Life.
- you choose not to participating in a rehabilitation program approved by your Attending Doctor, the College and Sun Life.
- you are on a leave of absence except as stated under the Maternity/Parental leave of absence or except where specifically agreed to by Sun Life.
- you are absent from Canada longer than 4 months due to any reason, unless Sun Life agrees in writing in advance to pay benefits during the period.
- you are serving a prison sentence or are confined in a similar institution.

**When LTD benefits
are not payable**

In accordance with the group contract, Sun Life will not pay Long Term Disability benefits for any disability which results from:

Exclusions

Payment will not be made for a Total Disability which is due to or results from:

- participation in a riot, rebellion or, insurrection.
- war, declared or undeclared, or active duty in any armed service during a time of war.
- intentionally self-inflicted injuries, by firearm or otherwise.
- commission or attempted commission of a criminal offence by you.

Recovering damages from a Third Party

This provision applies to every employee who claims Long Term Disability benefits under this group contract.

What are the Third Party Liability Provisions

If you have a cause of action against a Third Party for income lost as a result of your disability, the LTD benefit will be payable as specified in the group contract.

However, prior to the commencement of payments, you will be required to complete a form agreeing to reimburse Sun Life. The amount to be reimbursed will not exceed the amount of benefits paid by Sun Life.

If you recover money, you must pay Sun Life 75% of your net recovery or the total disability income benefits paid or payable to you under this Plan, whichever is less. Your net recovery does not include your legal costs. 75% of your net recovery must be held in trust for Sun Life.

Section 15 - Life Insurance Coverage

General description of the coverage	Basic Life Insurance is designed to ensure that your beneficiary does not face the additional burden of severe financial hardship in the event of your untimely death. This means that you are covered 24 hours per day while you remain an employee of the College and continue to meet the eligibility requirements for insurance under the group contract.

What happens if I do not apply within 31 days or I wish to increase the amount of Life Insurance?

You will be required to furnish evidence of insurability to Sun Life. Such insurance coverage will take effect only upon the date your evidence of insurability is approved by Sun Life. It is important to note that it is possible that coverage could be declined. Serious consideration should be given before declining the life benefits at the time the benefits are first offered to you.

Coverage during total disability (*The contract holder has the sole legal and financial liability for the Coverage during total disability. Sun Life only acts as administrator on behalf of the contract holder*)

If you become totally disabled before you retire or reach age 65, whichever is earlier, Life coverage for you and your dependents may continue without the payment of premiums as long as you are in receipt of Long Term Disability (LTD) benefits. This continued coverage is subject to the terms of the contract which were in effect on the date you became totally disabled, including reductions and terminations. In addition, all continued coverage with Sun life terminates on the date the benefit under which the person is covered with Sun Life terminates.

If you have indicated the beneficiary is irrevocable at the time of enrolment, you may only change the beneficiary appointment with the written permission of the current beneficiary. The enrolment form provided by the College will contain this information.

Section 17 - Submission of Claims

Making Claims

Sun Life is dedicated to processing your claims promptly and efficiently. You should contact your employer to get the proper form to make a claim.

There are time limits for making claims. These limits are discussed in the appropriate sections of this employee benefits booklet. If you fail to abide by these time limits, you may not be entitled to some or all benefit payments.

All claims must be made in writing on forms approved by Sun Life.

For the assessment of a claim, Sun Life may require medical records or reports, proof of payment, itemized bills, or other information Sun Life considers necessary. Proof of claim is at your expense.

Legal Actions

Limitation period for Ontario:

Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the Limitations Act, 2002.

Limitation period for any other province:

Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the Insurance Act or other applicable legislation of your province or territory.

Making an Extended Health Care Claim

Drug Card Plan

The drug card is used for prescription drugs only. The card is accepted at most drug stores across Canada. Other claims, such as physiotherapy or medical supplies, are not covered under the drug card plan and receipts must be submitted to Sun Life using the Extended Health Care claim form to obtain reimbursement. The drug card cannot be used outside of Canada. These claims must be submitted to Sun Life using the Extended Health Care claim form.

What happens if I do not use the drug card to purchase my drugs

If you do not use the card for all your drug purchases, your reimbursement could be affected due to pharmacy mark-ups on the cost of the drugs. This means that you may have to pay more out-of pocket.

Time limits for filing a claim

Claims must be received by Sun Life within the earliest of:

- 548 days (18 months) following the date on which the expense was incurred,
- 90 days following the end of your Extended Health Care coverage, or the termination of the Extended Health Care provision.

Before submitting a claim you will need to consider the co-ordination of benefits provisions applicable, if you are covered by more than one group insurance plan, to make sure that you are submitting the claims appropriately.

**Co-ordination of benefits
(Coverage under more than one plan)**

If you are covered for Extended Health Care under this Plan and you and your spouse are covered under another plan, your benefits will be co-ordinated with the other plan following insurance industry standards.

These standards determine where you should send a claim first. Here are some guidelines:

- if you are claiming expenses for your spouse and the spouse is covered for those expenses under another plan, you must send the claim to your spouse's plan first.
- if you are claiming expenses for your children, and both you and your spouse have coverage under different plans, you must claim under the plan of the parent with the earlier birthday (month and day) in the calendar year. For example, if your birthday is May 1 and your spouse's birthday is June 5, you must claim under your Plan first.
- the maximum amount that you can receive from all plans for eligible expenses is 100% of actual expenses.
- if your spouse is over age 65 and eligible for coverage under the Ontario Drug Benefit Program (ODB) there are specific rules to follow. Contact your College Benefits Administrator for further details.

Making a Claim for Long Term Disability Benefits

When and how to make a claim

You are responsible for notifying your College that you are disabled and obtaining the following forms from your College Benefits Administrator:

Your responsibilities

- (a) Plan member's Statement.
- (b) Consent for Service Canada and Insurer to Communicate Disability Benefit Information.
- (c) Irrevocable consent to Deduct and Pay Insurer.
- (d) Application for Canada Pension Plan (CPP) Disability benefits.
- (e) Attending Physician's Statement.

Your claim for Long Term Disability should be submitted as soon as possible, usually two months prior to completion of the elimination period.

You complete forms a, b and c and forward them to Sun Life.

You must sign the Attending Physician's Statement. (form e) and give it to your doctor. You must also contact the Income Security Program office, Human Resources Development Canada, to make an application for Canada Pension Plan disability benefits (form d).

You are responsible for payment of any charges for having medical forms completed. These forms include those described above, supplementary medical statements and any other forms that may have to be completed by your doctor.

Your doctor's responsibility

Once your doctor has completed the Attending Physician's Statement, you or your doctor may send it directly to Sun Life or, if you prefer, you may return it to your College Benefits Administrator to send to Sun Life.

Your employer's responsibility

The College must complete the Employer's Statement and forward it to Sun Life.

Time lines for making a claim

A claim should be made no later than 90 days after you complete your elimination period. Ceasing to be actively at work with the College does not, by itself, mean that you are totally disabled.

Failure to furnish such proof within the time required may not invalidate nor reduce any claim if Sun Life determines that such proof was furnished as soon as was reasonably possible. Except in the absence of legal capacity, however, such proof must be furnished no later than one year from the time proof is otherwise required.

Claim is received by Sun Life

Sun Life will begin processing your claim once all the completed claim forms have been received.

Your claim cannot be processed until Sun Life has received the Employee's Statement (including the Consent for Service Canada and

Insurer to Communicate Disability Benefit Information), Employer's Statement and the Attending Physician's Statement.

Incomplete or additional information

If additional information is needed to make a decision on your claim, Sun Life will notify the College by letter as soon as possible. Your College Benefits Administrator will, in turn, notify you that further information is needed. Any expenses associated with acquiring the additional information will be your responsibility.

Claim is reviewed by Sun Life

Sun Life claims personnel and practising doctors review your claim to determine if you qualify for disability benefits in accordance with the terms of your contract. The nature of the claim will determine whether a specialist(s) report(s) is required.

How will I know if my claim has been processed?

Sun Life will send the College a letter confirming the amount of your disability benefits, the date they will commence and the duration for which benefits are approved (if known). Your College Benefits Administrator will forward this information along to you.

How long will it take to process my LTD claim?

Assuming all the forms have been completed fully and no follow-up is required by Sun Life, it takes approximately 4-6 weeks for a Long Term Disability claim to be processed.

If there are any complications with the forms, additional time would be added to the process resulting in a period of time when you could be without remuneration.

Every attempt is made to ensure this does not happen. Continuous contact between you and your College Benefits Administrator will help to minimise the situation. In this event, you may apply for Employment Insurance Sick benefits.

What can I do if my claim is declined?

Sun Life will advise the College Benefits Administrator that your claim has been denied and Sun Life will provide an outline of the procedures and the type of medical information required for reconsideration of your claim.

You may respond to this decision by:

- appealing this decision through the Sun Life appeal process
- pursuing your appeal with your College Benefits administrator
- contacting your local union office
- contacting a member of the Joint Insurance Committee (JIC)
Information about the JIC is contained in the Support Staff Collective Agreement.

Your claim will be reconsidered provided you submit new medical information for review. In order to effectively re-evaluate your claim,

Discrepancies in benefit payment amounts

all outstanding information requested in the decline letter should be provided.

It is recommended that you check your benefit payment amount each month to ensure it is correct. In the event you discover there is a discrepancy, it is important for you to contact your College Benefits Administrator so that the appropriate adjustment can be made. If you have been overpaid, a re-payment arrangement can be worked out for you; if you have been underpaid, Sun Life will be required to make the correction and issue payment.

A minor cannot personally receive a death benefit under the plan until reaching the age of majority. If you reside outside Québec and are designating a minor as your beneficiary, you may wish to designate someone to receive the death benefits during the time your beneficiary is a minor. If you reside outside Québec and have not designated a trustee, current legislation may require Sun Life to pay the death benefit to the court or to a guardian or public trustee. If you reside in Québec, the death benefit will be paid to the parent(s)/legal guardian of the minor on the minor's behalf. Alternatively, you may wish to designate the estate as beneficiary and provide a trustee with directions in your will. You are encouraged to consult a legal advisor.
