

BY-LAW NO. 4

A By-Law relating generally to the
Program Advisory Committees
overseen by the Board of Governors of
THE ST. LAWRENCE COLLEGE OF APPLIED ARTS AND TECHNOLOGY

BE IT ENACTED as a By-Law of the College as follows:

1. Definition:

Program of Instruction: A group of related courses leading to a bachelor's degree, diploma, certificate, or other document awarded by the Board of Governors (the Board).

2. Purpose:

To establish and guide the operations of Advisory Committees as directed by the Minister's Binding Policy Directive: Framework for Programs of Instruction (the "Ministry of Training, Colleges and Universities (MTCU) Framework for Programs Directive"). This policy is ancillary to the College By-Law 1 which establishes the Advisory Committees.

3. Scope:

This applies to all Programs of Instruction.

4. Policy Statement:

- In accordance with the MTCU Framework for Programs Directive, the Board of Governors of St. Lawrence College (the Board) has, through the President, directed that there shall be an Advisory Committee for each Program, or cluster of Programs, and that the Advisory Committees shall report annually to the Board through the Senior Vice-President, Academic. The Advisory Committees shall provide advice and recommendations on Programs of Instruction relevant to the needs of the labour market and the community on a wide range of topics as stipulated in By-Law 1.

- The College shall seek Advisory Committees members who have the knowledge, skills and experience related to the profession, industry, business, sector, or service specific to the Program(s) served by the Advisory Committee.
- College staff and students may serve as resource persons to the Advisory Committees but have no voting rights (ie- act as ex-officio members.)
 - The Program Coordinator is an ex-officio member of the respective Advisory Committee and acts as the College resource to the Advisory Committee.
 - Full-time and part-time faculty members, who teach in a Program or cluster of Programs, bring their expertise and experience relating to the relevant Program(s).
 - Students may sit on their program Advisory Committee to bring their perspective of the College and their experience with the relevant Program.
- Program Advisory Committees are required to meet twice per academic year (ideally once per semester); and should be held in a location and at a time agreeable to Committee members. During periods of significant industry change or any other activity required to meet its mandate, a committee may meet more frequently and/or strike sub-committees.
- Meeting agendas are prepared in advance by the Chair in collaboration with the College Resource representative. Agenda topics will include items suggested by any Committee member. The Committee may also invite additional industry partners to consult on specific topics emerging from program development or renewal discussions. From time to time a member of the Board of Governors may attend Program Advisory Committee meetings. PAC members will receive an agenda package at least two weeks prior to the meeting.
- Minutes of PAC meetings are recorded by a designate and sent to the Chair for review. The Chair will send to the Dean for Approval. The Deans are responsible for sharing the approved minutes with PAC members, faculty teams and the Senior Vice-President Academic within two (2) weeks of the meeting. The Senior Vice-President Academic will forward the minutes to Program Planning, Development and Renewal to be posted in an electronic folder for quality assurance purposes.
- When a candidate accepts to serve as an Advisory Committee member, they will be asked to sign a Conflict of Interest Agreement. An Advisory Committee member who perceives that their private or personal interests conflict or have the potential to conflict with an issue under discussion at an Advisory Committee meeting has an obligation to excuse themselves from the discussion and to abstain from voting on the specific issue. The member's declaration of conflict of interest will be recorded in the meeting minutes.

5. Governance

Responsibility

The Senior Vice President Academic is responsible to ensure that the practices of the Advisory Committees¹ meet the requirements of the MTCU Programs Framework Directive.

The Associate Dean and Dean are responsible for the overall effectiveness of the Advisory Committees within their department.

- They inform Advisory Committees of any College issues that affect the work of the PAC.
- They provide other information necessary to assist the Program Advisory Committee work.
- They receive and respond to all recommendations made the Program Advisory Committee.

If a Program Advisory Committee is having difficulty meeting its role and mandate, the Associate Dean/Dean will meet with the Chair and/or Program Coordinator to review the situation, identify the cause, and implement the corrective measures required.

The concerns should be escalated to the Senior Vice President Academic in circumstances when the Chair and/or Associate Dean/Dean are unable to resolve.

Reporting

The Senior Vice-President, Academic will provide an annual report to the St. Lawrence College Board of Governors. The report will include Program Advisory Committee membership, meeting frequency, meeting dates, and program recommendations. It will also confirm compliance with the guidelines established for Program Advisory Committees.

The President shall, on behalf of the Senior Vice-President, Academic, present a summary of the Advisory Committee Annual Reports, to the Board by the end of December each year.

Monitoring

The Office of the Senior Vice-President, Academic will maintain a tracking system to ensure that program advisory committees meet at least twice per year. If a meeting is not held within a year, a non-compliance form will be issued by the Office of the Senior Vice-President, Academic requesting the respective Associate Dean/Dean consult with the Coordinator and the Chair of the Program Advisory Committee and provide a rationale.

Next Policy Revision Date

Based on a five-year revision cycle, the next policy revision date should occur prior to September 1, 2026.

6. By-Laws

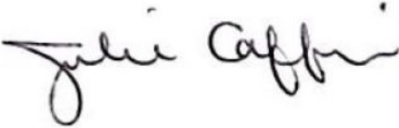

This By-Law shall be accessible to the public and available free of charge on the College's website.

A By-Law or an amendment to a By-Law passed by the Board shall have full force and effect from the time of the Board resolution or from such future time as may be specified in said Board resolution.

Any previous version of By-Law No. 4 of the College is repealed upon the enactment of this By-Law. Such repeal shall not affect the validity of any act done or right or privilege, obligation or liability acquired or incurred under such By-Law prior to its repeal.

Enacted by the St. Lawrence College Board of Governors on this 19th day of September 2023.
