

## Ontario College Student Experience Survey

### Student Experience Survey

The College's Student Experience Survey launches on February 7, 2022 for domestic and international students at SLC and our partners Alpha College and Canadian College.

Here are the top 3 things you need to know about the Student Experience Survey:

**1. Students can complete the survey online.** Students will receive their unique survey link and instructions in their SLC email with the subject line "Your link to the Student Experience Survey SES2022."

- Please take 10 minutes to complete this survey any time between February 7 and 18.
- There will be no dedicated class time for students to complete the survey.
- The survey can be revisited if a student can't complete it all at once.
- The survey URL will be sent by email on February 7 and 14. If you cannot find the email that contains your unique URL, use SES2022 as a search term to find the email in your SLC inbox.

**2. The survey is confidential.**

- A student's response will not and cannot affect their grades or status as a student or their student VISA.

**3. Students' feedback will really make a difference.** Filling out the survey is worth the 10 minutes it will take. This is a chance for our students to provide feedback and insight into their needs and experiences so the College can identify tangible ways to make improvements to better serve our current and future students.

If students require accessibility support to complete this survey, please contact [accessibility@sl.on.ca](mailto:accessibility@sl.on.ca).

If you have questions, email Strategic Corporate Planning at [SLCsurvey@sl.on.ca](mailto:SLCsurvey@sl.on.ca).
