Purpose:

The College believes all members of the College community have the right to study or work in an environment that is safe, secure and supportive. The College expects students act in a manner that respects the rights, safety and wellbeing of other students, College employees, and College property. The Student Code of Conduct policy defines the general standard of conduct expected of students, provides examples of conduct that may be subject to disciplinary action by the College and outlines potential disciplinary sanctions that may be imposed as a result of violation

of this Code of Conduct. It also provides a framework to resolve issues when this code is violated and informal resolution is not possible.

Scope:

Each student, upon enrolment in the College, is governed by the rules and regulations of the College, including the Student Code of Conduct (“the Code”). Students are expected to conduct themselves in a manner consistent with the educational objectives of the College in accordance with generally accepted standards of behavior, and in accordance with published College policies. The Code applies to conduct that: takes place on college property; takes place in the context of online or distance learning; occurs during field placements or other work placements; takes place when students are representing the college during activities off campus; takes place off campus but adversely affects the rights of a member of the College community to use and enjoy the College’s learning and working environment or adversely affects the health and safety of a College community member; and/or occurs during College sanctioned activities which may be related to student committees, clubs, boards, councils and associations.

Incidents occurring off campus which have no or little likelihood of any impact on the environment at the College would be pursued by individuals through the regular external processes. Any student who violates any section of the Criminal Code of Canada or any other federal, provincial, municipal statute, College policy or regulations while on College property or at a College activity is subject to this policy.

Students who wish to make reports regarding sexual violence should refer to College Policy CR306, Sexual Violence Policy.

Any student who has a complaint about their program of study, academic concerns, or regarding College staff, should refer to the Student Complaint Policy.

APPENDIX A

Student Code of Conduct – Procedures

P.1 Incident Reporting Structure

P.2 Complaints may be lodged by any member of the St. Lawrence College community about a St. Lawrence College student. Complaints can be filed with any college official, but will be directed to the Student Rights and Responsibilities Office (SRRO).

P.3 All college community members have a responsibility to utilize informal resolution pathways, when possible, before requesting that a formal investigation proceed.

P.4 Once the SRRO receives the initial complaint, they will initiate a fact-finding meeting with the complainant to discuss the incident or behaviour alleged to have been in breach of the Student Code of Conduct.

P.5 A student complaint against another student will be considered based on all applicable institutional codes, including the Student Code of Conduct.

Investigations

P.6 If a determination is made that an investigation is required, the SRRO will initiate the process by determining who are the respondent(s) and witnesses. The SRRO will initiate a meeting with the respondent informing them of the purpose of the meeting, the nature of the complaint and that they have a right to a support person at the meeting. The respondent will be given the opportunity to respond to information presented in the meeting, if new information is provided after the initial meeting, the respondent will have an opportunity to respond to it later in the investigative process.

P.7 If the respondent fails to attend any requested meetings, and/or refuses to participate in an investigation, they will be notified in writing that a decision will be made based on the available information without the respondent's input.

P.8 Proper investigation of a complaint may require the disclosure of the identity of the complainant to the respondent, the witnesses, or third parties. In some cases, if disclosure is denied, an investigation may not be able to proceed.

P.9 Investigations involving potential threats of harm to self, others, or to the broader College community may involve the College's Behavioural Intervention Team and/or Safety and Security.

P.10 Should the SRRO, Safety and Security, or an Academic Administrator deem the student conduct poses an immediate, ongoing or possible risk to the College community, or to the respondent, an interim measure may be imposed. Interim measures may include a ban from College property, removal from College Residence, and/or other necessary restrictions prior to the completion of an investigation. Interim measures are preliminary in nature and are generally in effect only until an investigation has been completed.

P. 11 Investigations may be denied or may be deferred under the following circumstances:

- I. informal resolution pathways are appropriate and have not yet been attempted;
- II. lack of clarity about the nature of the complaint;
- III. concern for the safety, well-being, employment or academic status of the parties involved;
- IV. criminal proceedings; or
- V. if the complaint appears to be unclear, unfounded, vexatious, or made in bad faith.

P.12 The investigation shall normally be completed within 30 business days of having received the complaint.

P. 13 After completing the investigation, the SRRO, in conjunction with the Director of Health, Wellness & Accessibility shall either:

- I. dismiss the complaint
- II. determine that non-academic misconduct occurred, and impose a sanction
- III. attempt to mediate, with the complainant and the respondent (and their advisor/support person) a settlement of the dispute. If a mediated settlement is not reached, the Director of Health, Wellness & Accessibility will choose either (i) or (ii) above.

P. 14 Upon a finding of a breach of the Student Code of Conduct and when imposing a sanction, the SRRO shall take into consideration: the nature and scope of the breach; whether there was intent; the context in which it occurred; the student's first hand account of the situation; whether this was a first breach; and any other relevant factors.

P.15 The College's SRRO and/or the Director of Health, Wellness & Accessibility shall seek opportunities to use a restorative justice approach wherever possible.

P. 16 The SRRO shall inform the respondent of the decision and their right of appeal and the process to be followed. Any appeals must be launched within 10 business days to the Vice-President, Student Success.

P.17 Multiple Proceedings

In some instances the actions of a student may intersect or violate more than one College policy. Where multiple policies apply, those responsible for initiating the processes will confer to determine which process should be applied, which takes precedence and whether engaging multiple procedures is warranted.

P. 18 Appeal Procedures

The notice of appeal submission to the Vice-President, Student Success must include:

- The reason or grounds for the appeal;
- Any documents in support of the appeal;
- Names of any witnesses the student wishes to have in attendance;
- Identification of the type of resolution sought.

The appeal hearing will be scheduled within ten (10) business days of submission of the appeal documentation. The respondent, Vice President, Student Success and the Director of Health, Wellness & Accessibility and/or a member of the Student Rights and Responsibilities Office will attend the appeal. The respondent will present their appeal and any supporting documentation. The Director of Health, Wellness & Accessibility and/or the member of the Student Rights and Responsibilities Office will present their rationale related to the sanctions imposed, and any supporting documentation, if appropriate.

The Vice-President, Student Success, may choose to conduct these meetings together or separately.

The Vice President, Student Success will render a final, and binding written decision within five (5) working days of the appeal hearing and provide a copy of the decision to the respondent and the Director of Health, Wellness & Accessibility.
