

## **Medical Laboratory Science / Medical Laboratory Assistant/Technician**

Students entering the Medical Laboratory Science / Medical Laboratory Assistant/Technician programs at St. Lawrence College are required to provide proof of immunization. For all students the absence of documentation may result in the student being ineligible for clinical/practical/laboratory participation.

### **Steps to follow – Please read carefully**

1. Read thoroughly the entire form so **you** understand what is required to complete this form.
2. Do not wait to start this process. Bloodwork and immunizations can take a number of appointments.
3. Obtain **immunization records** from one of these sources:
  - a. Local Public Health Unit – this is the easiest and most reliable form
  - b. Yellow Immunization card
  - c. Contact your family doctorIf you are unable to obtain records, contact your campus designee as noted below
4. Book an appointment with your health care provider for **bloodwork** and any missing immunizations. Most students will also require TB skin testing.
5. Follow-up with your health care provider regarding bloodwork results to check if you need boosters.
6. Attach copies of immunization records and bloodwork results.
7. Submit completed Immunization-Communicable Disease Form to your designated St. Lawrence College Campus \* one month before the start of first semester.

It is important to fill this form out correctly and completely, please email us with any questions at [immunizations@sl.on.ca](mailto:immunizations@sl.on.ca)

Where the following records do not exist, are incomplete, or are not comparable to Canadian immunization standards the student will be required to complete an adult catch-up vaccine series as defined by the Public Health Agency of Canada. Any costs associated with the completion of these forms are the responsibility of the student.

\*Designated St. Lawrence College Campus

St Lawrence College  
Campus Health Centre  
100 Portsmouth Avenue

F: (613) 545-3931

St. Lawrence College Immunization - Communicable Disease Form

Last Name:		First Name:	
Date of Birth (m/d/y):		Health Card Number:	
Local Address: Apt and Street		City:	Province:
Postal Code:		Cell Phone #:	
Program:		Student Number:	

**Student Consent for Release of Information**

I understand and agree that my immunization record will be recorded in the Campus Health Centre Electronic Medical Records system and only accessible to Campus Health Centre Personnel.

Signature: \_\_\_\_\_ Date (m/d/y): \_\_\_\_\_

**Tuberculosis – Tuberculin Skin Test (TST)**

TB test	Date given m / d / y	Date read m / d / y 48-72hrs later	Result: mm Induration	HCP initials
Step 1				
Step 2 (1-3 wks later)				
Annual 1-step (if required)				

**A 2-step TST is required regardless of BCG vaccination.**

A 2-step TST is required once in a lifetime.

If a 2-step TST was completed previously and documentation can be provided, a 1-step TST can be completed annually. The 2-step TST should be 1-3 weeks apart with each test read within 48-72 hours. A 1-step TST is required if it has been more than 12 months since the 2-step TST.

A 10 mm or more induration is positive. If either TST is positive, a copy of completed chest x-ray report (within the last 12 months) must be attached to this form.

**Chest x-ray:** Required only if TST is equal or > 10mm

Copy of positive TST       Document attached (**Mandatory**)

Copy of chest x-ray       Report attached (**Mandatory**)

If you have **documented** history of a previous **positive** TST, a TST is **not required**. Instead, a chest x-ray is required within the last 12 months and must be attached to this form.

**Varicella Vaccine**

**Note: Varicella and MMR should be given on the same day or 4 weeks apart and after TST has been completed.**

Documentation of 2 varicella vaccines are required. Those who received only one dose of varicella vaccine should be given a second dose. If no records available, bloodwork to determine immunity to varicella is required.

1. Copy of records attached (**Mandatory**)     Dose #1 Date (m/d/y): \_\_\_\_\_ Dose #2 Date (m/d/y): \_\_\_\_\_

**OR**

2. Copy of lab results attached (**Mandatory**)     Date drawn: \_\_\_\_\_

Results:     Reactive     Non-Reactive or Indeterminate

If you are not immune, 2 doses are required: Dose #1 Date (m/d/y): \_\_\_\_\_ Dose #2 Date (m/d/y): \_\_\_\_\_

**Measles, Mumps, Rubella Vaccine (MMR)**

**Note: MMR and Varicella should be given on the same day or 4 weeks apart and after TST has been completed**

Documentation of 2 MMR is required. If one vaccine was **measles only**, an MMR booster is required.

If no records available, blood work to determine immunity to measles, mumps, and rubella is required.

1. Copy of records attached (**Mandatory**)  Dose #1 Date (m/d/y): \_\_\_\_\_ Dose #2 Date (m/d/y): \_\_\_\_\_

**OR**

2. Copy of lab results attached (**Mandatory**)  Date drawn: \_\_\_\_\_

Results: Measles:  Reactive  Non-Reactive or Indeterminate

Mumps:  Reactive  Non-Reactive or Indeterminate

Rubella:  Reactive  Non-Reactive or Indeterminate

If you are not immune, a booster is required: MMR Booster: Date (m/d/y): \_\_\_\_\_

**Tetanus/Diphtheria/Pertussis Vaccine**

**Documented proof** of a primary series is required **OR** an adult catch-up series is required

A single dose of Pertussis is required for all adults.

1. Do you have documented proof of completed primary series?

YES  COPY OF RECORD ATTACHED (**MANDATORY**)

or  NO If no records of any vaccines, an adult primary series is required (see below)

2. Last tetanus diphtheria vaccine must be within **10 years**

Date (m/d/y): \_\_\_\_\_ Type of vaccine given \_\_\_\_\_  COPY OF RECORD ATTACHED (**MANDATORY**)

**Adult catch-up series** 1<sup>st</sup> dose (Adacel or Boostrix) Date (m/d/y): \_\_\_\_\_

2<sup>nd</sup> dose (Td – 2 months after 1<sup>st</sup> visit) Date (m/d/y): \_\_\_\_\_

3<sup>rd</sup> dose (Td – 6-12 months after 2<sup>nd</sup> visit) Date (m/d/y): \_\_\_\_\_

St. Lawrence College Immunization - Communicable Disease Form

**Hepatitis B Vaccine**

Students who are non-reactive to hepatitis B despite completing the initial vaccine series are required to have a booster dose and repeat bloodwork to confirm immunity.

If a student continues to be non-reactive, the student will need to complete a second hepatitis B vaccine series.

Unimmunized adults require a 3 dose series. Schedule: 0 month, 1 month, and 6 months

Initial Vaccination series (2 or 3 dose series)

*If required: Repeat* Hepatitis B vaccination series

Dose #1: Date (m/d/y): \_\_\_\_\_

Dose #1: Date (m/d/y): \_\_\_\_\_

Dose #2: Date (m/d/y): \_\_\_\_\_

Dose #2: Date (m/d/y): \_\_\_\_\_

Dose #3: Date (m/d/y): \_\_\_\_\_

Dose #3: Date (m/d/y): \_\_\_\_\_

**Hepatitis B immunity** (at least 30 days after last dose)

**Repeat Hepatitis B immunity** (at least 30 days after last dose)

Copy of lab results attached (**Mandatory**)

Copy of lab results attached (**Mandatory**)

Date drawn: \_\_\_\_\_

Date drawn: \_\_\_\_\_

Results:  Reactive  Non-Reactive

Results:  Reactive  Non-Reactive

**Meningococcal Vaccine**

Men-C-A,C,Y,W-135 Date (m/d/y): \_\_\_\_\_

Students are required to provide proof of receiving a dose of Men-C-ACYW-135 (menactra) on or shortly after their 12<sup>th</sup> birthday.

COPY OF RECORD ATTACHED (MANDATORY)

**Attesting Signature of Health Care Professional (HCP)**
