Student Instructions for Mandatory Requirements

1. Review the requirements checklist below:

SECTION	REQUIREMENT	Ensure all requirements are complete with records and certificates included
Section A – Medical Requirements <i>(Completed and signed by Health Care Provider)</i>	Measles Mumps and Rubella (MMR)	<input type="checkbox"/>
	Varicella (Chickenpox)	<input type="checkbox"/>
	Tetanus/Diphtheria (Td)	<input type="checkbox"/>
	Pertussis	<input type="checkbox"/>
	Polio	<input type="checkbox"/>
	Hepatitis B	<input type="checkbox"/>
Section B – Non-Medical Requirements	Vulnerable Sector Check	<input type="checkbox"/>

- Access the **St. Lawrence College Placement Pass** website for the most current Pre-Placement Health Form Package: <https://slc.placementpass.ca/>
- Book an appointment with a Physician or Nurse Practitioner.
- Bring vaccine records, public health forms or documents (including childhood records) that show your immunization history to your appointment.
- Provide **Section A** (instructions and forms) to your health care provider to complete and sign/stamp.
Note: *RNs/RPNs may also co-sign portions of the form.*
- Ensure your Health Care Provider (HCP) provides you with the following documents so you can submit these to Placement Pass with the health forms:
 - Vaccine records (for proof of immunization).
 - Lab blood test results.
 - Chest X-ray report, if required.
- Complete **Section B: Mandatory Non-Medical Requirements**.
- Complete checklist (above) to ensure all requirements are met for both sections (A & B):
 - Section A (all pages) completed, initialed, and signed by your Health Care Provider.
 - Your blood lab reports and, if required, chest X-Ray report.
 - Your immunization vaccine records including childhood records, if available. Ensure your **NAME** is on each record.
 - Section B certificates or proof of completion for any non-medical requirements.
- Scan, label, and submit all documents to the website located at <https://slc.placementpass.ca/>
- Students who started a vaccine series will receive a temporary exception after two doses.
- Verify that documents are clear and legible before submitting them to the Placement Pass.
- Ensure vaccine records that are not in English include the original document and an officially translated English copy.

Health Care Provider Instructions for Mandatory Medical Requirements

1. Complete Section A in its entirety and provide an attesting signature/initial where indicated.
2. Provide the student a copy of vaccine records for vaccines administered and lab results for lab tests completed.
Note: *Immunization requirements listed follow the standards outlined in: The Canadian Immunization Guide (Part 3) Vaccination of Specific Populations - Workers and Student Placements, The Canadian Tuberculosis Standards (2007), and the OHA/OMA Ontario Hospitals Communicable Disease Surveillance Protocols.*
3. Use the following instructions when completing the following subsections:
 - a. **Measles Mumps and Rubella (MMR):**
 - i. Option 1 – Vaccine records of 2 doses of MMR vaccine is required.
 - ii. Option 2 – Provide lab blood test showing full immunity. If the lab blood test does not show full immunity, an MMR booster dose is required.
Note: *This vaccine is not recommended (contraindicated) when pregnant. Pregnancy should be avoided for 3 months post immunization.*
 - b. **Varicella (Chickenpox):**
 - i. Either vaccine records of 2 doses of Varicella vaccine or a lab blood test showing evidence of full immunity are required.
Note: *This vaccine is not recommended (contraindicated) when pregnant. Pregnancy should be avoided for 3 months after a Varicella vaccination has been given.*
 - c. **Tetanus/Diphtheria (Td) and Pertussis:**
 - i. Vaccine records showing an initial primary series are required.
 - ii. If there are no records available, give adult primary series of 3 doses. Dose #1 should be Tdap.
Note: *National Advisory Commission on Immunization (NACI) as well as the OHA Surveillance Protocols recommends that all adults regardless of age should receive a single dose of tetanus diphtheria acellular pertussis (Tdap) for pertussis protection if not previously received in adulthood. The adult dose is in addition to the routine adolescent booster dose. The interval between the last tetanus diphtheria booster and the Tdap vaccine does not matter. All students are required to provide proof of an adult dose of Tdap received on or after their 18th birthday.*
 - d. **Polio:**
 - i. Vaccine records showing an initial primary series are required.
 - ii. If there are no records available, then give an adult primary series of 3 doses.

e. Hepatitis B:

- i. If previously immunized, a lab test must be obtained for evidence of immunity (anti-HBs/HBsAb). Copies of lab results must be provided.
 - ii. If the student has a completed initial primary series documented and serology results are < 10 IU/L, provide a booster dose. Another lab test 30 days following the booster is required to confirm immunity. Or, provide a second vaccine series.
 - iii. If the student has not received the Hepatitis B vaccine provide the initial primary series as follows:
 - Dose #1 – as soon as possible.
 - Dose #2 – one month after dose #1.
 - Dose #3 – six months after dose #1 → serology is required 30 days following dose #3.
 - iv. If serology results are < 10 IU/L, dose #4 is required, followed by another lab test 1 month after.
 - If serology results remain < 10 IU/L, continue with the vaccine series until completion, with repeat lab test 1 month after the final dose (*may receive up to 6 doses).
4. Complete Health Care Provider Signature and Identification subsection.
- i. To be completed by each health care provider who has provided information in Section A (to match initials on the form to signature).

! Do not leave any sections blank – If not applicable, please complete with “N/A”. If drawn, provide the student with a copy of the lab report/results (attach laboratory blood report) for each of the following:
