Students entering any of the following programs at St. Lawrence College are required to provide proof of immunization. For all students the absence of documentation may result in the student being ineligible for clinical/practical/laboratory participation.

 Practical Nursing Personal Support Worker Pre-Service Firefighter Paramedic 	 Health Information Management Office Administration – General Office Administration – Health Services Office Administration – Legal/Health Services
	• Office Administration – Legan realth Services

Steps to follow – Please read carefully

- 1. Read thoroughly the entire form so **you** understand what is required to complete this form.
- 2. Do not wait to start this process. Bloodwork and immunizations can take a number of appointments.
- 3. Obtain **immunization records** from one of these sources:
 - a. Local Public Health Unit this is the easiest and most reliable form
 - b. Yellow Immunization card
 - c. Contact your family doctor

If you are unable to obtain records, contact your campus designee as noted below

- 4. Book an appointment with your health care provider for **bloodwork** and any missing immunizations. Most students will also require TB skin testing.
- 5. Follow-up with your health care provider regarding bloodwork results to check if you need boosters.
- 6. Attach copies of immunization records and bloodwork results.
- 7. Submit completed Immunization-Communicable Disease Form to your designated St. Lawrence College Campus * one month before the start of first semester.

It is important to fill this form out correctly and completely, please email us with any questions at <u>Immunizations@sl.on.ca</u>

Where the following records do not exist, are incomplete, or are not comparable to Canadian immunization standards the student will be required to complete an adult catch-up vaccine series as defined by the Public Health Agency of Canada. Any costs associated with the completion of these forms are the responsibility of the student.
