Students entering any of the following programs at St. Lawrence College are required to provide proof of immunization. For all students the absence of documentation may result in the student being ineligible for clinical/practical/laboratory participation.

Exceptions: Veterinary Technology/Assistant students will receive the 3 doses of the Rabies immunization during their first semester. The program coordinator will notify students when they can sign up for their rabies vaccinations.

- Veterinary Assistant
- Veterinary Technology

Rabies Vaccine:

- Rabies immunization consists of 3 doses given individually over 28 days.
- While these vaccines are costly, all full-time registered St. Lawrence College students
 are automatically covered by ACL Student Benefits medical insurance plan. ACL Student
 Benefits covers 60% of each individual vaccine cost, effective once the semester begins.
 Please check with your current insurance provider and/or that of your parents to ensure
 coverage if you plan to complete the rabies vaccine series prior to the start of the
 semester.
- More information about ACL Student Benefits can be found by visiting: www.wespeakstudent.com

All remaining program immunization requirement need to be complete and documentation dropped off, faxed or sent via mail/e-mail to the Campus Health Centre as soon as possible for processing.
