Monthly Theme:

SUSTAINABLE CAMPUS

SUSTAINABILITY STARTS WITH US

As members of the SLC community, we have a voice and the power to make sustainable choices at home and here at the College. This month's newsletter talks about the different sustainable options we have around campus. St. Lawrence Footprint focuses on sustainability initiatives around our campuses. It offers a forum for open discussion, an educational resources for promoting sustainability, a mechanism for action to formulate our long-term plans and student engagement.

JOIN THE GREEN TEAM?

Are you looking to take action and be involved in the campus community and our sustainability initiatives? Join the Green Team! Email footprint@sl.on.ca if you have questions.

MONTHLY ACTION!

"Do something drastic, cut the plastic"

Each Month we will challenge you to be more sustainable!
This month we challenge you to reduce your plastic waste.
"Do something drastic, cut the plastic"

Action Challenge!

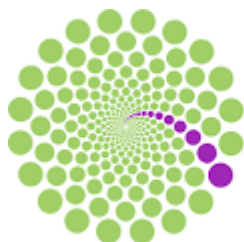

Remember your reusable bag and water bottles to campus. Don't have a reusable bag or bottle? Pick one up from campus bookstore and sport your school spirit with SLC branded products!

Take a selfie with your reusable item and tag us on social media to win a prize!

Green Circle Salon!

The Hair Styling and Esthetics programs are now members of Green Circle Salon! Together, we are advancing green change in the hair and esthetics trades. Students will now learn about the effects of salon and spa waste, and how it will be diverted from landfills, all while being empowered to create a green rebellion!

Visit **Dynamic Design** in Kingston or **Transitions** in Brockville.

Sustainable Choices on Campus!

Check out your Campus Options!

Green maps are useful to find the green sustainable options each campus has to offer check them out by clicking on the links!

Kingston

Brockville

Cornwall

Eco-Containers!

On the Kingston, campus choose our own Eco-Container for your cafeteria food to reduce the amount of waste going into the landfill. Ask the chefs to serve your food in an eco-container then drop it off at one of the locations! Simple!

Recycling Guides!

Need help or refreshing on what is recyclable and not? Check out our recycling guide for campus and residence!

Campus

Hydration Stations!

Fill up your reusable water bottle at our hydration stations and watch the number of plastic water bottles diverted from landfills increase!

Get Involved!

Documentary Night Kingston Campus!

Join us in the Innovation Hub on [September 19th](#), from 6:00 pm to 10:00 pm to watch the Before the Flood documentary starring Leonardo DiCaprio! Snacks and drinks will be provided and the night will be waste free!

Guess what? from [September 24th](#) to [October 5th](#) St. Lawrence College (tri-campus) is participating in the Campus Commuter Challenge! This week we challenge you to leave your car at home and take the bus, walk, bike or carpool to school/work!

St. Lawrence College has an online carpooling program for students, staff, and faculty on the Kingston, Brockville, and Cornwall campuses.

Our program allows you to travel exclusively with SLC students, staff, and faculty and is convenient, economical, and green.
