

# GREEN MAP

## Kingston Campus

**Eco-Container**  
 Reduce your carbon footprint by asking for an eco-container for no additional cost. Just drop it at an eco-container station when you're done.

**LEED Certified**  
 SLC went for gold! SLC strived for the LEED Gold certification and with our Geothermal field, rooftop cistern and sustainable design and construction practices we achieved this goal!

**Reusable Mug**  
 Bring a reusable mug when you buy your hot beverages and save 10 cents per cup!  
  
 You can also get free coffee in the SA when you bring it in.

**CarpoolWorld**  
 Reduce your GHG emissions and carpool to campus. Find your perfect match!

**Green Circle Salons**  
 Dynamic Design is a member of Green Circle Salons. Students learn how to divert salon and spa waste.

**Solar Panels**  
 Constructed in 2011, our system annually generates approximately \$212,000 in revenue while offsetting 30 tonnes of GHG.
